

SAE Creativity Questionnaire

Ensure that you are sitting down with the student and asking these questions one-on-one. Don't worry about asking all of them. If you find out that their favorite hobby can be expanded into an agricultural experience, stop at question one. These questions are meant as a guide for creativity.

1. What is your favorite hobby?
2. What career field are you interested in?
3. How can we relate those to agriculture?
4. What concerns do you have about the environment?
5. What area of agriculture interests you the most?
6. Do you have phone service/ internet at home?
7. Can you stay after school?
8. Do you have a mode of transportation?
9. Do you have smaller siblings that you could teach?
10. Do you go to the grocery store with your family?
