PARTNERSHIP FRAMEWORK

This **Partnership Framework** is established to ensure that the [Ohio Association of Administrators of State and Federal Education Programs](#) (OAASFEP) stays true to its vision and mission of providing effective **LEADERSHIP**, **PROFESSIONAL DEVELOPMENT**, and legislative **INFORMATION** in partnership with the Ohio Department of Education, legislators, and other pertinent organizations.

OAASFEP seeks partnerships that add value through our combined efforts. By collaborating and working together toward common purposes and shared goals, we achieve shared results that support Administrators of State and Federal Education Programs and makes our organization one of the premier educational resources in the state of Ohio.

OAASFEP has identified the partners that are key to our organization and our stakeholders:

- The Ohio Department of Education (ODE) is the OAASFEP's primary strategic partner for state and federal educational programming. Ohio Department of Education's vision and [Strategic Plan](#) aligns with OAASFEP's vision and mission.
- State and federal legislators and legislative organizations such as the [National Association of Federal Education Program Administrators](#) (NAFEPA) are key partnerships for advocacy (focusing on changing public policy or passing specific legislation) and promotion (raising public awareness about an issue and often includes public education initiatives).
- Other partnerships with organizations are also important to OAASFEP. These partnerships must align with our vision and mission as well as support the work of Administrators of State and Federal Education Programs in Ohio.
