Contest Manager Bulletins

2025 Sports Class Championship

Spring has sprung. As you prepare your soaring calendars for the upcoming season, keep South Texas in mind.

The Soaring Club of Houston will once again be hosting the Sports Class Championship. The dates are August 5-14, with practice days on Sunday August 3rd on Monday, August 4th. In addition, there will be tows available beginning on Wednesday, July 30th.

We have 22 water and power (30 and 50 amp) hook-ups for motorhomes and/or campers. The charge is \$25/night (a mobile holding tank service will be available for an additional fee). Again, the reservation **MUST** be made through me so we can insure you have a space when you get here. Send me your coach make, model, length and indicate if you need 30 or 50 amp.

We can accommodate up to 36 ships and already have 38 registrations. The Preferential Entry date is June 4th. According to the rules, **all documentation must be received prior to that date to take advantage of your PRL**. Documentation includes: deposit, proof of insurance, copies of your pilot license and SSA membership. It is helpful to also sign and submit pg 2 and the waiver on page 5. Once those documents have been received, it will be noted on the SSA website. **Please be aware that FLARM is required for this competition**. You can download and print the Pilot Kit here: <https://tinyurl.com/2a7bepn8>

Please let me know if you have any questions. I can be reached at 832-492-5501 or by email: kmcrew@hotmail.com

Kind Regards,

Michelle Sorenson
