

Personal Statement (Essay)

Applicant Name (Family, First, Middle) _____

Write your personal statement in English within 800 to 1,200 words.

The use of generative AI (Artificial Intelligence) is strictly prohibited.

Part 1: Passion and Motivation

We are seeking outstanding candidates. Tell us about your passions and life experiences that have inspired your decision to apply to the Bachelor's Program in Interdisciplinary Engineering.

Part 2: Problem-solving skills

Describe a time when you faced obstacles or challenges in your life. Explain how you overcame them and discuss the insights or valuable lessons you gained from the experience.

Part 3: Non-academic experiences

What makes you an outstanding candidate?

Describe your active participation in internships, student clubs, volunteer work, or other community and extracurricular activities.

Part-4: Future vision

Describe your future aspirations and explain how a degree from the University of Tsukuba will help you achieve them. Include your plans after graduation, such as pursuing graduate studies or beginning your professional career, and whether you plan to remain in Japan or seek opportunities abroad.
