

# Privacy Policy

TOV NIDVAI provides the mobile application Redshift at no cost and makes it available on an “as is” and “as available” basis. This Privacy Policy describes how information may be collected, used, processed, stored, retained, managed, and safeguarded when you download, install, access, or otherwise interact with the application. By accessing or continuing to use Redshift, you acknowledge that you have reviewed, understood, and agreed to the practices outlined in this Privacy Policy.

Any information obtained through the application is used solely for the purpose of operating, maintaining, supporting, enhancing, and developing the Service. We do not sell, rent, exchange, or otherwise distribute personal information to third parties except as described in this Privacy Policy or where disclosure is required by applicable law. Any capitalized terms not specifically defined in this document shall have the meanings assigned to them in the Terms and Conditions governing the use of Redshift.

## Information We Collect and the Purpose of Collection

In order to provide the functionality of the application and ensure a reliable user experience, Redshift may request certain personally identifiable information. Information voluntarily submitted by users may be stored and processed securely in accordance with this Privacy Policy.

The application may also rely on third-party tools, platforms, or services that independently collect and process information. Such third-party components may include, but are not limited to:

- Google Play Services

## Technical and Diagnostic Data

If the application encounters errors, crashes, interruptions, or other technical issues, diagnostic and technical information may be automatically generated and collected through integrated monitoring, analytics, or reporting systems. Such information may include IP addresses, device characteristics, operating system details, application configuration data, timestamps, and other technical information relevant to troubleshooting and system maintenance.

This information is collected exclusively for purposes such as identifying and resolving technical issues, ensuring system reliability, monitoring application performance, improving stability, and enhancing overall functionality.

## **Cookies and Similar Technologies**

Redshift does not directly create, use, or store cookies. However, third-party services integrated into the application may utilize cookies or comparable technologies for operational, analytical, or security-related purposes.

Users may control, limit, or disable such technologies through the settings available on their device or browser. Please note that restricting these technologies may impact the availability, performance, or functionality of certain application features.

## **Third-Party Service Providers**

We may engage trusted companies, organizations, or individuals to assist in delivering, maintaining, supporting, or improving the Service. These service providers may perform activities including, but not limited to:

- Supporting application operations and functionality
- Providing services on our behalf
- Delivering technical support or customer assistance
- Monitoring performance and evaluating usage trends

Such providers may access information only when necessary to carry out their assigned duties. They are expected to protect the confidentiality of such information and are not authorized to use it for purposes unrelated to the services they provide.

## **Data Security**

We employ reasonable technical, administrative, and organizational measures designed to protect personal information against unauthorized access, disclosure, modification, misuse, destruction, or loss. Despite these efforts, no method of electronic transmission or storage can guarantee complete security, and therefore absolute protection cannot be assured.

## **Third-Party Websites and Resources**

The application may contain links to websites, platforms, or services operated by third parties. Because we do not own, control, or manage these external resources, we are not responsible for their content, privacy practices, security measures, or information-processing activities. Users should review the privacy policies and terms applicable to any third-party resources they choose to access.

## **Children's Privacy**

Redshift is not intended for use by children under the age of 13. We do not knowingly collect personal information from children. If we become aware that personal information has been provided by a child through the application, we will take reasonable measures to remove such information without undue delay. Parents or legal guardians who believe a child has submitted personal information may contact us to request deletion.

## **Updates to This Privacy Policy**

We reserve the right to modify, update, amend, or replace this Privacy Policy at any time. Any revisions will be made available through the application or related channels.

Continued use of the application after revised terms have been published constitutes acceptance of the updated Privacy Policy. Unless otherwise specified, all changes take effect immediately upon publication.

**Effective Date:** July 5, 2026

## **Contact Information**
