

## Brand Outreach Template For Getting Free Products

I've been using this as an outreach template with my virtual assistant and have acquired hundreds of dollars in free products using this already.

You will need to customize this as needed based on the product you are inquiring about:

*Hi,*

*My name is John Shea, I am a full-time content creator that helps businesses with video product reviews, unboxing videos, and demos.*

*As of today, I've recorded over 1400 video reviews for physical products in a wide range of categories.*

*I'm curious if you would be interested in having me do a video review of your **"Insert Product Name Here"**?*

*I can publish the video on Amazon, YouTube, and Tiktok to help you generate more sales and bring you more exposure for your products.*

*Here is a video I recorded for you that shows you exactly where I put my video reviews and how it works:*

*Thank you*
