

Special New World

English Song Adaptation by [Sky~*](#)

Welcome into the Special New World (yeah)
Let's rush ahead into a Special New Dream,
Oh yeah
Watch the colors come alive!

Beyond the familiar cheers filling my heart with sound,
there's a world, that's quietly waiting to be moved [// alt: found (rhyme optional)]
Is your daily life not shining as bright, you wanna break away?
(Dreaming Dreaming) Ready for a change

Passion thrums like a bass, I feel a strong emotion
The future's setting the pace, move with a quick motion
So let's find a way to a better place, living in a dream

Welcome into the Special New World
I'll take you there, it's Brand New, Your World
Won't you please take hold of my hand, now and forever
Never let me go
We'll be together in this Special Future
A colorful and Open Future
Every season shines with a light, vibrant and brightly
ever changing beauty, showing us the way on our journey Special New World

If you're tempted to give up and let go, because you're feeling blue.
With a pulse, our song will be reaching out to you.
I'm a dreamer but my mind is sound, I know you feel it too
(Dreaming Dreaming) Dreams are coming true

You never fail to amaze me with your Shining Smile
Although you're trying to hide it with your Secret Style
We don't need reasons to dream, come on, don't be shy
Dreaming every night! [// alt: dreaming all the time]

Welcome into the Special New World
We'll fly towards a Brand New Your World
Listen to the voice in your heart, follow it's guidance
Anywhere you go
Let's rush ahead into a Special New Dream
We'll burst into a Brand New Your Dream
Go ahead and live for today,
we'll be okay as long as we're together
Opening the door towards a better Special New World

At night though we're facing our anxiety
Each morning we wake up from a lovely dream
Even so [// alt: so you know]
you won't be alone

Welcome into the Special New World
I'll take you there, it's Brand New, Your World
Won't you please take hold of my hand, now and forever
Never let me go
We'll be together in this Special Future
A colorful and Open Future
Every season shines with a light, vibrant and brightly
ever changing beauty, I believe it's time to start so join me
Troubles weigh you down, so don't you worry
Welcome to the Brand New Story
Special New World
