Dear [Mention the name of the recipient

One of my proudest moments was when the nursing turnover rate was reduced by [Mention the percent]. This, in my opinion, will enable me to provide the best medical treatment possible while exceeding [Mention the organization] healthcare objectives.

The medical staff at [Mention the organisation] is known for its excellence. I believe I fulfil that description in the following ways:

- [Mention the number of patients] with cancer, dementia, and Alzheimer's were cared for daily at [Mention the organisation].
- Establishing and maintaining a database of instructions and schematics allowed for easier access to the information needed and reduced the amount of time spent looking for it.

I've been a certified nurse assistant for [Mention the number of years], and I'm an expert at balancing the demands of patients and staff. I enjoy challenging circumstances and am eager to investigate the chance to support [Mention the organisation] in maintaining its sterling reputation.

When would be a good time to talk about how [Mention the organisation] patients could benefit from my work at [Mention the organisation]?

I was overjoyed to find the opportunity for a licensed nursing assistant because I used to clean hospitals. I feel I can use my skill set and knowledge to quickly establish myself as a vital team member at [Mention the organisation] as a recent graduate of First Aid, CPR, and Medication Administration Training with a background in the hospital.

One of my proudest moments was when the nursing turnover rate was reduced by [Mention the percent]. This, in my opinion, will enable me to provide the best medical treatment possible while exceeding [Mention the organisation] healthcare objectives.

Sincerely,
