

Montgomery Township School District

New Student Math Placement Testing

Fall 2022

Welcome to Montgomery ~ we're looking forward to meeting your child when school begins. Students new to Montgomery in grades 6-8 should take the Montgomery Placement Assessment in person at the school. Once your registration is complete, the Assistant Principal's secretary at either LMS or UMS will contact you to schedule an in-person MATH assessment for your student.

The Placement Assessment is a paper test where students show their work and answer the questions. It is not a multiple choice test. Students taking this assessment may not use a calculator or notes.

Placement is based on how a student does on each section and not the overall total. The first section is in most cases, the previous year's grade level expectations. Each section after the first is slightly more advanced.

Thank you very much and we're looking forward to welcoming your child to our school.
