DRAFT Holistic Rubric for Scorers of ELO 7.1

7.1 Students will analyze social structures and institutions and their impact on individuals and communities.			
4—Exceeds Expectations	**3—Meets Expectations**	**2—Near Expectations**	**1—Below Expectations**
Demonstrates a deep and comprehensive understanding of social structures (e.g., class, race, gender) and institutions (e.g., family, education, government, economy), explaining their complex interactions and how they shape individual experiences and societal dynamics.	Demonstrates a solid understanding of social structures and institutions, explaining their general functions and how they influence individuals and communities, though some connections may lack depth or complexity.	Demonstrates a basic understanding of social structures and institutions, but explanations may be *superficial or incomplete*, with limited exploration of their impact on individuals and communities.	Demonstrates little to no understanding of social structures and institutions, with explanations that are incorrect, incomplete, or irrelevant to the topic.
