

Postponed / to be changed into an online meeting because of the ongoing COVID-19 spread and the postponement of Kubecon Europe

## W3C Distributed Tracing Working Group workshop (March 2020)

Dynatrace will be hosting the next face-to-face W3C distributed tracing working group workshop the week before KubeCon 2020 / Europe.

### Key Topics

We plan to concentrate and continue our work on the following topics:

- Response headers
- Correlation Context
- Extending Trace Context to other protocols
- Extending vendor adoption (tool, framework, cloud)

This time we will have a dedicated workshop day, where we will split up into special interest groups to work on concrete proposals that will then be presented and discussed on the last day.

### Logistics

**When:** March 25th-27th 2020 (08:00a Wednesday to 04:00p Friday)

**Location:** Am25er Dynatrace Linz / Austria (<https://g.page/dynatrace-linz?share>)

### Travel and Accommodations

Arrive either via Airport Linz (LNZ) or Vienna (VIE) + 1.5h train ride directly from the Airport to Linz Hauptbahnhof.

**Hotels:** The following Hotels offer a reduced rate for Dynatrace - it should be enough to tell them during booking. Reach out to *daniel.khan\_@\_dynatrace.com* (remove underscores) if there are any problems.

- **Hotel Donauwelle**  
Distance: ~10 minutes walk  
<https://linz.twhotels.at/en/home/>
- **Arcotel Nike Linz**  
Distance: ~15 minutes walk, 5 minutes drive  
[http://www.arcotelhotels.com/de/nike\\_hotel\\_linz/kontakt](http://www.arcotelhotels.com/de/nike_hotel_linz/kontakt)
- **Arte Hotel Linz**  
Distance: ~30 minutes walk, 7 minutes drive  
<https://www.arte-linz.at/>
- **Motel One - Linz City Center / Main Square**  
Distance: ~30 minutes walk, 7 minutes drive  
<https://www.arte-linz.at/>
