School, Major, Expected Graduation date

High School, Graduation date

III. PROFESSIONAL EXPERIENCE

Date	What it is
2022	Knight Scholars Program, Oregon Health & Science University, Portland, OR Ten week mentored training program in cancer research with intensive research experience in a cancer research laboratory focused on [insert topic and lab where you worked]. Culminated in presentation of a research poster that synthesizes cancer research for new audiences. See examples below:
Jun-Aug 2022	Knight Scholars Program, Oregon Health & Science University (OHSU), Portland, OR Ten week mentored training program in cancer research with intensive research experience in a cancer research laboratory focused on cancer genetic screening (Healthy Oregon Project, HOP). Worked with the Community Outreach and Research Engagement (CORE) team in a dry lab putting together salivary sample kits mailed to thousands of participants used to screen for personal risk of cancer. Developed events and strategies to recruit Black people in Oregon to participate in the Pathfinder 2 cancer early detection research study. Served as a social media strategist and implemented social media analytics to support targeted recruitment. Developed scheduled release of educational content for using the Agorapulse platform to educate the public on cancer screenings, cancer statistics, and the importance of cancer early detection. Culminated in presentation of a research poster that synthesizes cancer research for new audiences.
Jun-Aug 2021	Knight Scholars Program, Oregon Health & Science University, Portland, OR Ten week mentored training program in cancer research. Included shadowing opportunities in cancer clinical care, public health, outreach, and research laboratory settings. Culminated in a community research project that summarized a cancer issue impacting the community.
July 2019	Knight Scholars Program, Oregon Health & Science University, Portland, OR One week cancer research training program funded by the National Institutes of Health
