Hana’s Letter:

Kalau aku lihat ini saat pulang nanti, aku akan keliling dunia dan membeli bibit-bibit baru. Aku di masa depan harus sudah memiliki kebun sendiri, yang bukan untuk dijual.

Aku di masa depan juga harus sudah bilang 3 kata kramat untuk Theo.

P.S: pita hitam itu aku lepas sendiri dari leherku. Jangan khawatir, aku punya banyak di dalam lemari.

Albert’s Letter

[1st letter]

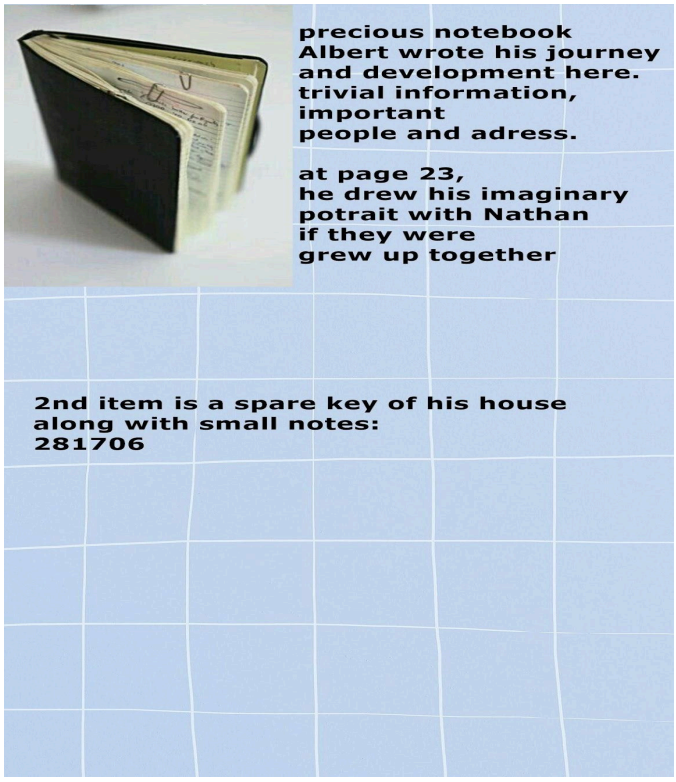

To the future me, I hope you're safe and sound. You know, maybe you should try to forgive yourself. The 29 years old me still can't do it, but maybe the future me can.

[2nd letter]

Nathan, if you're reading this—please know that I love you. I'm sorry I can't take care of you. Anyway, I've prepared something for you. Something important, you'll get the things later or maybe I'll just give it to you later if we have chance to meet again.

[3rd letter]

My friend, I know you fond of something fancy and stuffs. Maybe you'll get confused after receiving this. I'll entrust this fancy cane to you, not the ordinary cane but also a hidden 'gem'. Please take care of it. If you happen to see Nathan, please take care of him too.

Theo’s Letter

Apa yang harus kutulis untuk diriku sendiri? Entahlah, aku akhir akhir ini menyukai rasa manis mochi dan ichigo daifuku. Aku ingin mengajak Takuya dan Hana ke taman bermain, lalu aku ingin mengajak Hana trip untuk seminggu.

Setelah ini, aku ingin memberikan perhiasan kecil untuk Hana. Setelah ini, aku ingin membelikannya makanan mahal, semoga saja uangku cukup, jadi kita bisa berkencan lebih lama lagi.

Setelah ini, semoga saja semuanya sudah menyelesaikan masalah mereka. Lalu ketika surat ini dibaca, rekan rekan kita masih lengkap dan juga... Memiliki kehidupan yang lebih baik lagi.

Setelah ini, aku akan memikirkan cara bagaimana melamar seseorang dengan romantis.

Setelah ini— besok musim semi. Aku ingin Hanami.

Alice’s Letter

Hai aku! Bagaimana kabarmu? Apakah kamu semakin dewasa? Hahahaha

Aku harap saat kamu membaca ini, kamu sedang dalam keadaan yang sehat, dan tentunya bahagia!

Bagaimana hubunganmu dengan kekasihmu saat ini? Apakah masih berlanjut? Bagaimana kabar Glee? Semoga saja saat membaca ini, kebahagiaan menyelimuti dirimu ya, aku

Jadilah dewasa, jangan ngambek ga jelas terus, jadilah wanita mandiri, yang bisa berdiri dengan tegar walau badai jenis apapun menghadang sekalipun. Aku tahu kamu kuat dan kamu pasti bisa melakukannya!

Baiklah.. Sepertinya sampai segini saja surat dariku. Semangat terus, Alice!

Finn’s Letter

Perkenalkan namaku Valentin Pavlishchev atau biasa dengan panggilan sebagai Finn. Tapi aku lebih suka menyebut diriku sebagai Finn karena alasan yang konyol. Benar, konyol sekali. Tidak menyukai nama sendiri karena nama itu memalukan dan menurutku aneh, mungkin pendapat ku sekarang akan berubah di masa depan ? Ya, karena nama itu pemberian dari Ayah dan Ibu ku. Mereka orangnya aneh tapi itu membuat rumah sangat nyaman. Kakak ku juga adalah orang aneh tapi aku sayang padanya. Dia yang selalu menemani ku di saat badai petir. Aku tidak suka petir. Itu lebih menyeramkan daripada bertemu dengan hantu. Bahkan aku saja tidak percaya adanya mereka.

Aku tidak terlalu dekat dengan kakek karena ada beberapa alasan mengapa. Mungkin dia juga tidak menyukai sikapku yang terlalu kasar atau egois terhadapnya. Aku lebih suka bersama dengan nenek dan sepupuku jika dia datang bermain ke rumah. Namanya Anne, dia anak yang cengeng tapi berusaha untuk tetap kuat sama sepertiku.

Dari surat ini, aku hanya ingin menyampaikan dan berharap diriku atau orang lain dari masa depan tahu bahwa kita tidak lah sendirian lagi. Masih ada orang-orang yang ingin bersama dengan kita di waktu sedih, senang, marah, dan juga aneh. Aku juga ingin melihat diriku di masa depan dengan tubuh yang tinggi dan punya otot. Jika tidak punya tidak apa-apa. Aku kuat. Aku juga akan bertanya tanya pada diriku apakah akan dapat berhenti memakan makanan manis atau kuat meminum alkohol seperti orang-orang dewasa lainnya.

Mio’s Letter

Hey, everyone! (Or, to anyone who reads this first) To be honest, Mio can't choose what to write. There are so many things that Mio want to talk about, either in the future or something that Mio has been keeping for some time, so this might be a bit messier than Mio expected.

1. Mio is actually planning to make a doll version of everyone like Finn's ones! Yes, everyone, including baachan and jiichan, even Kaise! Currently Mio is about to finish working on baachan and jiichan ones. It's a big project for Mio, so sorry if anyone haven't got one when this opens!
2. Mio isn't sure when will everyone opens this time capsule. So whenever it is, Mio hopes that Mio spent looots of time with baachan and jiichan! They don't have much time as Mio does, so might as well make it the best it can be!
3. Mio still wonders what actually happened to make Vio-nee and Yukki fight. It's good to know that Yukki is fine after that, but Mio is still allowed to be missing Vio-nee, right?
4. Everytime we go on a mission, Mio can't help but bring Mio's own emergency medical kit, Mio can't help but check on everyone after each mission passes. Not to mention every important decision that we'll make, what if it dangers jiichan and baachan at shop? What if it dangers us? Mio is actually scared of that, but of course everyone feels the same, right? That's why Mio can't show this to anyone, so please forgive Mio.

Oh, if something happened before Mio could finish the project. Feel free to continue it by asking baachan to open the box on the lowest cabinet in the shop's corner! Everything for the project is in there (plus the instruction in case Mio accidentally told anyone!) so feel free to make one for yourself!

Naoto’s Letter

To Libertia members I thank Hana for providing me with a lot of gardening supplies, especially the Sakura Tree seeds. I made a quite a lot of progress regarding the tree and if possible, I'd like to invite all of you to my garden and have a little picnic while watching the beautiful sakura tree. I hope you can enjoy your time there.
