

## TOP TEN THINGS TO REMEMBER IF YOU ARE A NEW EE STUDENT!

1. Read your SSU email! Do NOT ignore emails about advising and registrations!
2. Make sure you attend advising before you register for your classes.
3. Seek assistance if you need extra help with your PHYS, MATH, CS, or any EE courses. Please check the available tutoring times posted on Department's webpage.
4. Join a club! Get on the mailing list of EE club and SWE club! Be involved!
5. Make sure you carefully review EE program's roadmap!
6. Be on time to your classes! Be prepared when you go to class!
7. If you are taking EE112 or EE110, don't forget completing your Academic Status Form.
8. Get to know your professors and introduce yourself to them! You will be with them for the next FOUR years!
9. When you email your professors, make sure you start your email with a formal greeting. Always include your name in your emails.
10. Need more help? Always consider chatting with the Department Chair!
