---	---

COURSE DESCRIPTION

We will be using the curriculum called Illustrative Math. The students were provided 3 workbooks on the first day. I asked for them to keep the two additional books safe at home and hold on to them until we are ready to use them. In addition, students will be able to access digital material. Students can access this curriculum through their Schoology; it is an app that can be located on the left margin, under Course Options. The app is called ilc IL Classroom.

Grade 6 is a year of exciting mathematics. Students study ratio and rate, learn to divide fractions by fractions, extend their understanding of number to include negative numbers, and understand and use variables, to name just some of the major work of this year. This course unfolds across 9 units that range in length from about 16 to 22 days.

HOMEWORK

Homework will be assigned and posted on Schoology.

Use tutor.com on Schoology if you need support.

In order to get full credit for homework, you must do the following:

1. Show all of your work.
2. Draw a box around your answer.

I will accept late homework. You will get 70% (3.5/5) of the grade if it is late.

****8 missing homework per semester = U in Work Habits****

GRADING STANDARDS: Grading will be dependent on total points earned in the class.

A = 90% - 100%	Tests: 40%
B = 80% - 89%	Classwork/Projects: 30%
C = 70% - 79%	Warm-Ups/Quizzes/Exit Tickets: 20%
D = 60% - 69%	Homework: 10%
F = 59% and below	

*** If your child gets a D or an F on a test, they will have a chance to take a REDO assignment. The highest grade they can earn on the REDO is a C. This is "extra credit" for them.**

Grades can be viewed under the students Math course, under grades, through Schoology. Please log into Schoology, with the Parent Portal to have access to grades:

<https://lausdschoology.azurewebsites.net/en-US/Login/Parent>

If you need access to the parent portal, please let me know to further assist you.

ATTENDANCE

CLASSROOM COOPERATION

Students are responsible for ALL notes and materials covered. Notes will be posted in the **UPDATE** section of Schoology and it is the responsibility to review what you have missed and to complete the homework. If you miss a day, you will be given a worksheet of the tasks when you return to school. Students with chronic absences may forfeit their right to use a wrap-up grade in class.

4. Cell phones must be off or on silent during class inside their backpacks. Students will not be able to use their phones during school hours. If you need to contact them during the school day, please call the office.

5. Students who frequently leave the classroom for restroom and/or nurse visits will be monitored, and parents will be notified.

-----TEAR-OFF-----

Sign below indicating that you have understood and will follow the rules of the class. Return only this portion. Keep above.
