Questionnaire for online survey in Hungary

Greetings! We* are conducting a research of the Ukrainian students' migration to study abroad. One of the aspects of the research is learning more about the motivation and future plans of the Ukrainian students studying or graduated abroad. Among other things this research may help universities improve the quality of education and learning experience as well as help improve conditions of your stay in the country and the university. If you are willing to help us with this cause - we ask you to fill out the questionnaire. It will not take more than 10 minutes to answer these questions. The survey is anonymous and all the answers will be used in generalized form.
We will be very grateful for your help!

If you have already filled out the form in another language, please do not fill it out again!
