

## **YCH Dancing gif**

### **Rules/TOS**

First of all, thanks for your time and support! I really appreciate all of you! Anyway, here are some details you need to know before taking a slot:

- This gif is made with a base in mind, that means I can't do any extra dance moves or other extra animations, or complex attires You get what you see here.
- Only bikini, pants, thong, or any other simple clothing (im open for discussion)
- Female only, the gif was designed with that in mind.
- Can't do any body modifications (bigger hips, different arms etc) modifying this aspect would require extensive re-work and it will beat the purpose of being a YCH and becoming a more of a commission, increasing the price exponentially.
- any species, human or anthro (tails are welcomed, preferably no wings. In case that the OC requires wings, some limitations are required)
- NO HAGGLING, price is set.
