

Topic Overview

37th National Selection Process of the European Youth Parliament in Germany

The online generation: 97% of young people in the EU use the internet daily. Digital spaces offer them opportunities for entertainment, connection and education. At the same time, however, harmful content, cyberbullying and the addictive nature of social media platforms pose a serious threat to their wellbeing and mental health. How can the EU strengthen the protection of minors online while ensuring young people can safely engage in the opportunities of the digital world?
