

Hello everyone! I can't believe I actually got to write one of these so fuck it might as well make it good, first of all thanks to Nat, Scott, Jake, Chris, Cammy, Agus, and Emile for hosting such a great game, I know I gave you guys shit at times but I love you!! Additional thanks go the jurors and to everyone who played in this amazing season, hopefully it's better than EMBB5 :p and ofc to everyone who followed this season.

And duuuuhhh congrats to Zee for making it this far too, it's great to be sitting next to her. Oh and Loris for winning the fantasy draft I think (Sorry Hotjacket I still luv u <3)

Anyways onto the speech, I'll go over every week of the game explaining my point of view and my actions into detail, but how I know some people don't like that kind of speech (I know, 16 pages, I'm fucking crazy it's just that I have a lot to say :3) I'll leave a summary at the end of it (I would really appreciate it if you read all of it tho especially bc I put a lot of effort into it cough cough 10 hours cough :3)

Coming into this game I wanted to meet new people and their way to play the game so I could improve my own, and who knew maybe some of them would go onto become good friends of mine, I also wanted to prove that my performance last season wasn't beginners luck or one time bs, my main objective was to fix the few gameplay issues my game had in EMBB5, particularly being more open when it came to F2's and alliances given that last time I based my game around my one F2, whilst this time I wanted to base my game on only me, making myself less of a challenge threat to lining myself up for a better end game.

I think I definitely succeeded on all of the above, I had 5 F2's at different points of the game, and at some point or another I worked with every major alliance in the game, according to what was best for my interest, at some point people used the argument that I wasn't good at comps when trying to get me out so I think I def got the challenge threat thing down, and finally I think I was in the best spot out of anyone during F5 and aligning myself in the middle, making both sides want me around for their cause, and I managed to not piss any of them off!

Week 1 - Starting on a high note

Well for starters, once I saw the cast I realized I never had a 1 on 1 convo with 14-15 out of the 18 players with the exception of a few em games (with most players not even that) so I knew I had a lot of work to do and start connecting with people whereas lots of them already had a head start in that department.

I knew I needed an F2 early on in the game so that I could have a support system, but I didn't have the same meta as most of the other players to be able to choose someone who I

knew I could trust unconditionally. I also didn't want to F2 Alice because it would've been very predictable to the cast, meaning that we likely would've been split up very early and I needed someone who I could rely on for a long time. So I decided to ask Tara for an F2 day 1 bc I already knew her well beforehand and who knows maybe I did it fast enough I wouldn't be the third wheel. Everything went nicely until Alice asked me to F2, ofc I accepted bc if I didn't it would make my F2 with Tara pretty obvious, but also I could use her to get info from people that Tara wasn't already close with. Later on me and Alice agree to look for another F2 for each of us just in case, I decided not to tell her about Tara for a while but I realized Alice prob had a F2 already and wasn't telling me about it even when I tried to get her to leak it, so I figured the only way I could get her to speak would be revealing me and Tara were close, which led to this lovely convo:

[28/06/2017 01:04:00 p.m.] Ahrre: now you

[28/06/2017 01:04:07 p.m.] Ahrre: Any other f2?

[28/06/2017 01:04:13 p.m.] Alice ~: ya

[28/06/2017 01:04:15 p.m.] Alice ~: take a guess

[28/06/2017 01:04:19 p.m.] Ahrre: Ginga

[28/06/2017 01:04:26 p.m.] Alice ~: ???? how did u know

[28/06/2017 01:04:45 p.m.] Ahrre: The way you talked to me about him haha

[28/06/2017 01:04:46 p.m.] Alice ~: is it that obvious

[28/06/2017 01:04:47 p.m.] Alice ~: oh

[28/06/2017 01:04:49 p.m.] Alice ~: LOkajsdfljklsdflksdf

After that I also learned she was f2 with Dean too. Anyways then shit hit the bed, Alice leaked my F2 and Alex leaked it back to Tara, who confronted Alice (letting her know me and her were also F2 first) and Alice admitted it too. This was very difficult for me to overcome, I had to swiftly maneuver this so that I wouldn't lose two of my closest allies. It became clear that Alice wasn't trustworthy but I had to prove to Tara that I believed that too. I let Tara think that she was taking control of our relationship for the next couple of days to regain her trust. I did this by giving information about Alice to her, knowing that she would probably leak it in order to get people against Alice. it was a win-win situation for me. gaining Taras trust whilst making Alice seem untrustworthy, so that if she did leak anything, no one would believe her.

Whilst all of this was going on Ginga won HoH, I talked to him a little bit even tho I barely talked to him before that and made sure I wasn't getting nommed, the noms were Roxy and Jack and after POV he renommed Alex. Now at the time I had a few talks and felt confident with him, even tho I had my suspicions he was F2 with Tara, (that's in part why I didn't straight up tell Tara about my F2 with alice, I knew about her multi F2 ways...) however him being F2 with Tara wasn't that big of an issue for me this early in the game, especially since there was a possibility that Alex could leak stuff to Tara who would leak stuff to me. I saved him but was in the minority vote.

Notable events week 1:

- I F2'd Tara,
- Got into another F2 with Alice
- They found out

- Stayed in good terms with Alice
- But Tara was still work in progress.
- Started making bonds with lots of people who I had never met before.

Week 2 - Fixing shit up

Now Alex going home wasn't nice but it didn't mean the end of the world for me tbh, I think I handled Jack pretty good that week (like being honest with him and whatnot, alongside with me trash talking Ginga's move to please his pissed off side) and knew that if his side won HoH later on I would prob be ok, my biggest problem was what to do with this stupid F2 problem I had created for myself. Now that Alex was out I felt like I could have an honest chat with Tara without it being leaked. This chat led to things being completely fixed, so it turns out Alex going wasn't that bad for me! And this time I was set on making her my main F2 and not Alice

In the meantime Alice told me about her antics with Tucker and smh I totally predicted the future ngl

[04/07/2017 11:13:03 p.m.] Alice ~: well i told tucker but only because hes my mentor

[04/07/2017 11:13:04 p.m.] Ahrre: bc I'm trying to see if I can contain it lol

[04/07/2017 11:13:10 p.m.] Alice ~: and ik he can be trusted

[04/07/2017 11:13:11 p.m.] Alice ~: he doesnt leak shit

[04/07/2017 11:13:14 p.m.] Ahrre:

[04/07/2017 11:13:22 p.m.] Ahrre: your "mentor"

[04/07/2017 11:13:26 p.m.] Ahrre: what

[04/07/2017 11:13:43 p.m.] Alice ~: umm hes my mentor

[04/07/2017 11:13:45 p.m.] Alice ~: we're not close but like

[04/07/2017 11:13:48 p.m.] Alice ~: he mentors me

[04/07/2017 11:13:48 p.m.] Alice ~: yeah

[04/07/2017 11:14:00 p.m.] Ahrre: you mean like in the mentor program of EM?

[04/07/2017 11:14:05 p.m.] Alice ~: yeah!!

[04/07/2017 11:14:08 p.m.] Alice ~: exactly

[04/07/2017 11:14:11 p.m.] Ahrre: aliceeeeee

[04/07/2017 11:14:13 p.m.] Alice ~: its just a mentor mentee thing

[04/07/2017 11:14:23 p.m.] Ahrre: you don't mix those 2 togetherrrr

[04/07/2017 11:14:46 p.m.] Alice ~:):

[04/07/2017 11:14:48 p.m.] Alice ~: ahrre pls

[04/07/2017 11:16:16 p.m.] Alice ~: im so sorry

[04/07/2017 11:16:17 p.m.] Alice ~: pls forgive me

[04/07/2017 11:16:35 p.m.] Ahrre: Just..

[04/07/2017 11:17:00 p.m.] Ahrre: Ugh you know that he will take advantage of you believing that if he needs to right?

[04/07/2017 11:17:11 p.m.] Alice ~: hes not that type of person

[04/07/2017 11:17:12 p.m.] Alice ~: hes tucker

[04/07/2017 11:17:35 p.m.] Ahrre: Aka voice

[04/07/2017 11:17:48 p.m.] Ahrre: Okok

[04/07/2017 11:17:52 p.m.] Ahrre: Just tell me something

[04/07/2017 11:17:59 p.m.] Alice ~: wdyd he wouldnt take advantage of me ksjdksd
[04/07/2017 11:18:11 p.m.] Ahrre: How you are clearly telling him everything
[04/07/2017 11:18:20 p.m.] Ahrre: Has he at least tell you something?
[04/07/2017 11:18:27 p.m.] Ahrre: Like who is f2 with
[04/07/2017 11:18:33 p.m.] Ahrre: Any alliances?
[04/07/2017 11:18:49 p.m.] Alice ~: he doesnt tell me anything!!
[04/07/2017 11:18:51 p.m.] Alice ~: its a one way relationship
[04/07/2017 11:18:53 p.m.] Alice ~: pretty much
[04/07/2017 11:18:54 p.m.] Ahrre:
[04/07/2017 11:18:56 p.m.] Ahrre: Alice
[04/07/2017 11:19:01 p.m.] Ahrre: Sorry to tell you
[04/07/2017 11:19:09 p.m.] Ahrre: But you're totally being played
[04/07/2017 11:19:18 p.m.] Alice ~: it's true, i am
[04/07/2017 11:19:26 p.m.] Alice ~: hes using me skldaskd

After that I gave Alice the logs of Tara un-F2ing me during our confrontation and told her to leak those to Tucker in hopes it would somewhat do some damage control.

While all of this was going on Zee had a fight with Ally and I supported both sides, telling Zee it was understandable bc Ally had been sneaky while telling Ally that I would help her out with PoV or in the vote, all of that while making sure they weren't taking their fight too far, making myself closer to both. Claire was used as a pawn and then Dean got renommed once Ally won POV, after that it was a fairly easy choice, I got Dean to admit his obvious F2 with Jack but at the same time he told me he totally didn't had any F2's with Alice or Roxy which was funny bc not only Alice but Roxy also told me she asked him for F2. Also the Bubble alliance was formed, I'll go into detail about it in next week

Notable events week 2:

- Fixed things with Tara and made her my main F2
- Created the bubble alliance with Bobby
- Found out about Alice leaking stuff to Tucker and got her to stop.

Week 3 - Here we go again

Well this was a fun week, first of all lets recap on my standings as of that point, the only alliance I was in was the Bubble alliance, which I planted the seeds of on Bobby "oh look there are 4 bubblers in the game :p" "they say the best players are the ones that bubble :)" and then we both created it and made Ultra and Anna a part of it (I didn't wanted to be the sole creator of an alliance bc I knew that would get leaked in zero point five seconds and didn't wanted to be considered a threat bc of it). Anyhow, both me and Bobby would go on to leak the alliance with Tara; and prob other people leaked it but who cares! When Tucker told me he knew about it I did the first cheeky little thing that came to my mind, went to the alliance chat and told everyone about it and that I was disappointed on whoever leaked it, basically putting any suspicion that I was the leaker off my back, also Anna and Ultra would blame each other so I just feed that fire cause why not!

This week is the week where my social game really started to bloom, I had fixed things with Tara and Alice and there was not one person in the house who I felt iffy with and I genuinely enjoyed talking with everyone, strategy or not.

Moving onto this weeks HoH, Ginga decided to nom me as a pawn bc “everyone liked me and I know you wouldn’t get pissy at me” so basically “fuck you ahrre for being nice to me!” I tried to argue with him that there were already a lot of people pissed at him and that instead of nomming an ally like me and someone without much leverage on the game like Roxy, he could nom those people, especially since they would nom him when they got the chance. People should listen to me more often smh:

[08/07/2017 10:27:03 p.m.] Jack (Ginga): unfortunately yes, this time
[08/07/2017 10:27:11 p.m.] Jack (Ginga): later in the game i wont care how angry people get
[08/07/2017 10:27:20 p.m.] Jack (Ginga): but this early i'll admit im gonna be a bit of a pussy
[08/07/2017 10:27:20 p.m.] Jack (Ginga): idk
[08/07/2017 10:27:22 p.m.] Jack (Ginga): im sorry man
[08/07/2017 10:27:42 p.m.] Ahrre: You didn't had that mentality when you nommed jack week one after voting him out in emvv
[08/07/2017 10:27:51 p.m.] Ahrre: You knew full well he would get pissed
[08/07/2017 10:27:57 p.m.] Jack (Ginga): he didn't get THAT pissed tho
[08/07/2017 10:28:00 p.m.] Jack (Ginga): hes a chill guy as well
[08/07/2017 10:28:15 p.m.] Ahrre: That's what you think
[08/07/2017 10:28:22 p.m.] Jack (Ginga): i guess you may b right
[08/07/2017 10:28:40 p.m.] Ahrre: Yeah I heard different stuff from your version
[08/07/2017 10:29:01 p.m.] Ahrre: Also
[08/07/2017 10:30:00 p.m.] Ahrre: That reminds me of Alex....
[08/07/2017 10:30:02 p.m.] Jack (Ginga): EEK
[08/07/2017 10:30:10 p.m. | Editado 10:30:12 p.m.] Jack (Ginga): PLS I DONT WANNA KILL YOU TOO I PROMISE
[08/07/2017 10:30:22 p.m.] Ahrre: Yeah ok
[08/07/2017 10:30:38 p.m.] Ahrre: But Alex was also a good guy that didn't get pissed when he got renommed
[08/07/2017 10:30:44 p.m.] Jack (Ginga): actually he got
[08/07/2017 10:30:46 p.m.] Jack (Ginga): moderately mad
[08/07/2017 10:30:54 p.m.] Jack (Ginga): but i wasn't TORN with him going
[08/07/2017 10:30:57 p.m.] Ahrre: What did he do?
[08/07/2017 10:30:58 p.m.] Jack (Ginga): i put him up knowing he might go
[08/07/2017 10:31:06 p.m.] Jack (Ginga): im putting you up not wanting you to go
[08/07/2017 10:31:09 p.m.] Jack (Ginga): which is vry different
[08/07/2017 10:31:51 p.m.] Ahrre: Ok
[08/07/2017 10:32:13 p.m.] Ahrre: Just asking myself
[08/07/2017 10:32:34 p.m.] Ahrre: Why put your allies on the line instead of people not working with you
[08/07/2017 10:32:45 p.m.] Ahrre: Idk I think we are allies
[08/07/2017 10:32:47 p.m.] Jack (Ginga): i don't know who's not working with me
[08/07/2017 10:32:49 p.m.] Jack (Ginga): other than roxy

[08/07/2017 10:32:53 p.m.] Jack (Ginga): but shes my target so
 [08/07/2017 10:33:01 p.m.] Ahrre: You don't know?
 [08/07/2017 10:33:21 p.m.] Ahrre: What about the 7 people that voted Alex when you clearly wanted jack out?
 [08/07/2017 10:33:43 p.m.] Jack (Ginga): okay true
 [08/07/2017 10:33:58 p.m.] Ahrre: See what I'm saying?
 [08/07/2017 10:34:07 p.m.] Jack (Ginga): but then i directly anger that side
 [08/07/2017 10:34:18 p.m.] Jack (Ginga): when in reality im just trying to get roxy out relatively painlessly
 [08/07/2017 10:39:04 p.m.] Ahrre: I'm just saying dude there's already a side pissed at you
 [08/07/2017 10:43:06 p.m.] Ahrre: Yeah me too

Anyways so after that I talked with people, like... A LOT, way more than I needed, but there's one thing I always told to myself during this entire game "never get cocky" and while I might of overkill it with Roxy that mentality would def save my life later on, also on a funny last note, Roxy made a chat with all of the people she thought was going to save her and within 15 minutes of that I had like 4 people coming over to me and telling me about it.

Major events week 3:

- Survived the vote against Roxy by a big margin
- Decided Ginga was gonna die
- Got out of the fall of the bubble alliance unscattered

Week 4 - Shit hits the fence

Anna won HoH and I was fairly confident I wouldn't be in danger bc I knew she blamed Ultra for the Bubble Alliance leaks. She ranted about being a goat to me, as well as telling me I was one of her closest allies at the time. I always figured she was over exaggerating but even if she was, nomming me would be a really snake-y move and she wouldn't have benefited at all from it. She did told me she was going to nom Ally, Alice, and Tara, now I didn't argue against it even tho my 2 F2s were there for 2 simple reasons, one: I knew where I stood in the game at the time and what things I could afford to push and not push for without possibly damaging my game and two: I was just so tired of struggling with this F2 drama and web of lies I figured that if one of them went home my game wouldn't be that affected, and hell it might even see myself benefited from it. What I did however, was plant seeds against Ginga, I knew Anna already had thought about it and NGL after what Ginga did I knew I was going to send him home sooner or after, he was a loose cannon I couldn't afford to keep in the game. Oh and also, I took advantage of me getting nommed last week to push for my spot in the safe room, basically having the best excuse out of everyone who tried it and assuring my spot on it.

Anyways, Ally gets POVed and I tell Anna that Ginga would be the best option as a remon just in case there were any doubts in her mind at that point. And then it was Alice, Tara, and Ginga for final noms, Alice quickly gave up on life and tbh that was good in a way bc it made my choice of saving Tara way easier (I had already decided to save her anyways), She did try to get me to save Ginga but I knew that wasn't happening, what ended up happening was

that me and Tucker (who I had never worked too closely strat wise before) ended up coordinating the votes against him, with me being key in convincing Ultra to save Tara and reassuring everyone else's vote. Around this time Bobby also offered to make an alliance with me and Jack, and while I didn't really trust Jack but I thought why the hell not.

Major events week 4:

- Got into an alliance with Bobby and Jack
- Influenced Anna to nom Ginga
- Coordinated alongside Tucker to get Ginga out
- Saved Tara
- People considered Alice the snake and not me

Week 5 - CAN YOU NOT?

With Alice and Ginga out, Stephen was the one to win HoH, and I had a new challenge to look forward to. First of all I discussed with him the possibility of an alliance involving Tucker, Ally, Jack, Anna and Jessy and we seemed to agree but ofc things weren't going to be that easy... to make it simple there started to be rumors about me leaking a list of people's votes to Tucker last week, I was told Zee might be the cause of them so I confronted her about it, mainly with the objective of clearing things out with her bc I knew she was close to Stephen and that he was considering me as a nom so making Zee trust me would def help my case. Alongside that I think I did a pretty good job convincing Stephen that I was trustworthy and at the end I wasn't nommed.... but then Jack got POVed and Stephen basically told me it was me vs Tucker for possible renoms...you know....**WHAT YOU ALWAYS WANNA HEAR.**

Anyways I end up convincing Stephen to nom Tucker instead of me, I think I big factor into this was my proposal to call Tucker out in public, even tho I didn't actually had any proof of his shadiness I knew it would be like hitting 2 birds with 1 stone. On one side, I made Stephen sure that I wasn't running the game alongside Tucker, that we actually weren't that close regardless of the fact we coordinated last week's vote together lel, and secondly it would kill those damaging rumors once in for all, that's what I did and afterwards I gave Tucker a pretty okay excuse while getting him nommed.

After that I was ready for making a move and vote Tucker out if I had the votes, at that point it was obvious he had a big influence on the game and I knew I wasn't on top of his "allies" list given yet people like Stephen and Zee seemed to think so and I almost became a final nom bc of it so that could put my game on the line (the future proved me right). Ally kept telling me she had the votes to vote him out but I had a bigger view of the game and things seemed fishy to me, people weren't responding and/or giving mixed answers to different people. So I held onto my vote while I also got Bobby to tell me he wanted to vote for Tucker but for some reason he didn't tell anyone, including Ally, but fuck it. I told him to vote Tucker anyways. However, last minute Stephen, Ultra, and Zee all messaged me at the same time saying they're voting ally (guys pls be more discreet next time) so I also voted Ally and told her so, then Ally went on a rant as she was getting voted out and specifically trashed me, and while personally wise I was #SAD, gamewise that worked out perfectly for me bc I knew Bobby would claim he voted Ally so everyone would wonder who the second vote on Tucker was and I could be blamed for it, but thanks to Ally trashing me I think I got out of that unscattered.

Major events week 5:

- Formalized the idea of an alliance of Tucker, Jack, Anna, Jessy and Claire
- Got rid of rumors about me
- Convinced Stephen to nom Tucker instead of me

Week 6 - *Drinks tea in british*

So remember that alliance between me Bobby and Jack? Well this is when it gets important, Bobby wins HoH and I'm in an alliance with him + based on what people tell me I know he's close to Tara, so me and my F2 are safe, nice! Bobby did ask me a pretty interesting question "Do you trust Jack?" now in reality I didn't, and I was pretty sure he would throw my name around if he needed to. But I figured that if I told Bobby that he might of thought I would betray the alliance and I didn't want to give him any reasons to nom me, so I went along and told him I trusted the guy but that we should still be weary bc I trusted him more than what I did Jack. and that worked pretty great in the end bc he nommed Ultra and Anna. But when Ultra got PO'ed, Bobby said it was between me and Jack (funny how things turn out). A little bit of chit chat later, and he noms Jack bc he didn't knew if he was loyal to the alliance (and had thrown my name alongside Anna :p).

After that some drama ensued, Ultra told me about someone giving him fake logs and I swear to god in my head I was like "pls let it not be Tara, it is Tara right? is going to be Tara isn't she?" and will you look at that it was her!! and after that Anna made a show in the house chat and basically that was it. I knew Tara wanted Anna out but she never told me about the logs. Also apparently Bobby had pitted the 2 against the other 2 for some random ass reason (not that weird considering that Bobby nommed Anna for no real reason and hide it behind a vague "I know" in his nomination speech) so that was lovely. Now I really didn't had a preference between Jack or Anna, but Jack's lack of campaigning (at least he was having fun getting drunk in the meantime) and a talk I had with Anna about all of the drama and kinda making her and Tara not hate each other (I had been actually doing that with everyone whose fight's got personal, and would continue to do so in the future to show them I cared about them and to make them trust me more) for a while made me decide to just let things go their course. Tara still wanted me to campaign against Anna but I knew that was a bad idea and told her to just vote along.

Major events week 6:

- Made enough bonds with Bobby so he would nom those who threw my name
- managed to do damage control about Tara's logs
- Kept a working bond with Anna

Week 7 - This can't get worse

Tara gets disqualified, you know, cool shit, very beneficial to my game, 10/10, would F2 again.

Now that my F2 was out I found myself in the EMBB House the equivalent of being in a scary neighborhood. I didn't had any F2's or any alliances, but you bet your ass I was about to wing my way out of that.

Zee wins HoH, okay

Zee wants to nom me, bad

I convince Zee not to nom me, good

Anna wins POV, uh oh

Zee noms me against you guessed it....FUCKING TUCKER

So here it's when it gets fun, Zee told me she was utterly convinced I was surviving against Tucker, saying I would be the only one capable of that and that she had the votes locked. I questioned why she wouldn't nom someone like Claire, who is clearly closer to Tucker, she said she had it all under control, and I get nommed. I start campaigning like a whole lot, to everyone, I ask Zee and Stephen, they are comfortable, like metaphorically sitting in a beach taking sun thinking Tucker will just sit there and wait to get voted out, I ain't having it, I know what's coming. It happens, Ultra and Claire flip, with one of them (Ultra) who planned to flip on zee all along, lovely.

Ofc my effort payed off, I managed to convince Jessy to keep me even when she originally told Tucker she was saving him, I'm aware I wasn't the only one who helped make out her decision but I'm sure that if I didn't spent all day long campaigning I would of gone home, and Zee's bulletproof plan....yeah.

Good thing I didn't shat on Anna and Jessy when Tucker came to me saying we should get that F2 out (Anna hadn't won PoV back then). I played dumb and gave vague answers bc I could see this shit coming for a mile away, I also saved his logs and leaked them at the right time once I was nommed, so yay.

Also there was Claire, I thought it would be hard to get her vote but I kept campaigning to her, tbh I had no idea I would turn this into such a hard decision for her, I figured since she knew tucker for a while longer and that they prob talked with each other more than me during the game that it would be easier for her to pick Tucker, but I guess I didn't gave her enough credit or the convos that we had where while we didn't talked a lot about strat looking back we did become close. All of this took me to my next decision, asking her for F2 once Tucker was voted out, Why? well I could see she was genuinely having a hard time picking who to save, so while she did indeed save Tucker over me I realized she still considered me a good ally and if Tucker was truly her #1 then I could become her new #1 which didn't sounded bad at all but also she would probably think a breach would form between us and that could make our bond less strong, so to avoid that I reassured her we were still cool and to make it clear I asked for that F2. She accepted and told me she was F2 with Anna but didn't trusted her at all, so yay maybe this time I can have a good F2! right?....right?

Major events week 7:

- Talked Zee out of originally nomming me,
- When I did get nommed I flipped the vote and fooled some people's plan of voting me out
- Made an F2 with Claire

Week 8 - This got worse

Now the F2 itself was alright, problem was it was short lived, Jessy won HoH and targeted Stephen while using Claire as a pawn ofc then we had an alliance based PoV where Stephen “surprisingly” took the win. Jessy then told me she was renomming me, I let her know about my thoughts about it and how you only needed to put 2 and 2 together to figure out your target winning an ALLIANCE based challenge was not a good thing, but she wasn’t having it even when she told me at the beginning of the week that she was 100% not nomming me. But hey, after the lie Ultra pulled out last week I was already starting to get used to this.

I’m fairly sure the votes were originally stacked against me with only bobby really wanting to save me, but I powered through it, got Cal on board and was looking for Zee’s vote but ofc she only wanted to be in the majority, so I knew I had to get Jessy bc ofc Stephen wasn’t saving me, especially when he started the day by saying “idk I’ll think about what to do”. So I talked a lot, and lots to Jessy, but I knew that by just grinding her I wouldn’t get anywhere, so literally 5 minutes before the deadline I told her about my F2 with claire and how she leaked her F2 with Anna and didn’t trust her (this was important bc I knew Jessy and Anna where F2) that got Jessy to save me and as expected so did Zee, and that’s the story of how I saved my ass by getting 2 votes with like 3 minutes before the deadline.

Major events week 8:

- Tried to tell people about the obvious alliance of Stephen Zee and Cal to no avail
- Flipped yet another vote in the last minutes

Week 9 - I am the one who NOMS!

OH WOULD YOU LOOK AT THAT I WON HOH. Which was exactly what I wanted, bc knowing that ultra had the Dpov I was determined to flush it, maybe with a little bit of a deal... talking about comps I hadn’t won any pre jury mainly bc I purposely didn’t try. I didn’t want to make myself look like a challenge threat (specially bc that was a flaw of my game last season) and also never felt like I needed to. I was confident enough in my social game and the relationships I was forming even when I was nommed against Roxy, I think the vote count of that week is a testament to that oh and also I always throw social based challenges, seriously those are baaaaaad, they give away your social standing and like...no.

But anyways coming into this week there were 3 people I wanted out #1 was Ultra, but I knew he had the Dpov so I knew getting him out this week was a lost cause, and then it was Stephen/Anna, Stephen bc I knew he was pretty close to Zee Cal and Bobby, and he was def closer to Jessy/Ultra/Anna than Zee or Cal, so I knew he was in a pretty good spot and could be a threat, and Anna bc we hadn’t spoken in a long time and she had snaked me quite a lot of times.

- So how did I proceeded? My plan was to end up with Stephen and Anna as final noms, to do that made a deal with Ultra, he wanted Jessy against someone who would beat her, I then proposed stephen, but he told me he would prefer Bobby or Zee, that was my green light to nom Stephen, now alongside that Stephen was the person who threw Ultra’s name the least so I put 2 and 2 together and figured they had to be at least somewhat close (I knew ultra was close to Anna but if I nommed her he would of prob waited to use the Dpov after the PoV comp, and my main

priority was to get him to use the Dpov before that so he couldn't be in control of the final noms). So my plan was to nom Ultra and Stephen, then he would use Dpov to nom Jessy, and then hopefully, Jessy would win PoV (I would've used it on her if I won too) so I could nom Anna instead. But ofc Ultra lied and nommed Bobby, that struck me as weird bc I figured that after Anna, Stephen would be his closest ally. So I nommed him kinda as a "hostage" to make sure Ultra went along with the plan, but oh well. Also I should mention Stephen leaked 2 alliances to me before getting nommed, one with him, ultra, claire and zee that was ofc dead by then but the logs were interesting to read, basically Claire didn't wanted to get nommed against Tucker, as you do, Stephen was more leaning towards not nomming me bc that would be weird, Zee agreed that nomming me over Claire wouldn't make any sense but Ultra was like "nah let's do it ez pz" and Zee went along with it, it was pretty funny to read tbh.

And then another alliance with Stephen, Cal, Zee and Bobby that Bobby had leaked to me earlier that week, Stephen mentioned he wanted to add me to that alliance since the beginning of that day and was only waiting on Cal who was the only remaining member to give the green lights. Thing is, adding me to a F4 alliance at F8, just COINCIDENTALLY the week I win HoH?? yeah right buddy, I'm not an idiot.

That alliance was also **dead** by the end of the week.

I was fine with Stephen going, so I just campaigned against him for a while and he was voted out by a pretty big margin. I also ensured Bobby would stay so Ultra would target him instead of me basically using him as a shield, something that proved vital to my game the very next week.

Notable events week 9:

- Won HoH
- Made Ultra play his Dpov
- Got stephen out
- Managed to get no one else mad at me during my regime.

Week 10 - Humiliating myself for nothing!

So as I was outgoing HoH, Ultra won the new HoH this week (I would've totally win if I got to play smh...) He asks me why he shouldn't nom me and idr now but he did told me sometime before that he wouldn't nom me so I was like "yeah that" and that was the end of it.

Also since I was using Bobby as a shield, I figured maybe testing the waters about a F2 could be useful but he shut that down quick bc "He didn't knew if he could beat me in jury" okay well I might have failed at getting a new F2 but now I knew who I didn't want to be in the end game with!

Also afterwards Ultra asks me for an F2 so I'm like sure why not even tho I prob wasn't going to honor that at all. But I wouldn't let him know that, just like when I showed forgiveness or

indifference for his moves against me the past 3 weeks, after all that's probably why he asked me for a F2 to begin with alongside with him probably thinking it would be a way to stop me for targeting him. Ofc that wasn't going to happen bc I knew he was a loose cannon and that getting rid of him at F6 would put me in the best position out of everyone in F5. Cal and Bobby go in the block, great. Someone people would rather take to the end than me bc it would be easier to beat and someone who wouldn't take me to the end bc he didn't knew if he could beat me.

It's time for POV and I just knew Zee was the renom, but I knew if she won it would prob be me regardless of any F2 bs Ultra told me, so I went all in, and Zee and me tied. After that we went to tiebreaker but there were punishments that would affect out gameplay negatively in there so I just told zee to let me win, and that I wouldn't use PoV so Ultra wouldn't nom her, she agreed but OH WHAT A TWIST, turns out we weren't allowed to talk about the challenge (even tho we could before the tiebreaker) and apparently Zee told the hosts or something and that's the story of how I got DQ'd. And oh yeah, Zee used it on Cal and Ultra told me he was nomming me. At that point I let him know Jessy and Anna could very well vote me out and he would be royally fucked but he was like nah it's alright mate everything will go alright (deja vu anyone?? also he did told me afterwards I got him worried with my reasoning but I guess he had already submitted the noms?????) anyhow I got up and just like the other 3 times I got nommed I spent all day campaigning and that's def what saved me as I know Jessy and Anna were pretty close to flipping at times, I also had a pretty interesting talk with Zee

(https://docs.google.com/document/d/1dIOVKGx67w9b-2PTDU4bvh6FC_23tXzLRNMyxTTwAH4/edit?usp=sharing if you read wanna read it). She also asked me to be F3 with her and Cal if I survived, to which I gave a "I'll think about it" that never became anything bc I knew I would be the obvious third wheel and I wanted to keep my options open in what was to come.

Notable events week 10:

- Ultra offered me F2
- Got #ROBBED out of a PoV win
- Kept a very close vote on my favor
- Got offered a F3 by Zee which I never took

Fast Forward - Did I ever told you I love time travel movies?

I knew I was winning PoV that week, I knew since the challenge was announced, and I knew that I needed to get Ultra out, as he was def closer to Jessy/Anna based on his actions and by getting rid of him I would be the guy in the middle of 2 F2's fighting for each other. Have in mind I also did everything possible to have those F2s fightng. that's why I throwed the HoH of the fast foward

(<https://docs.google.com/document/d/1m3BN2G0JvRatQWYFjlyVheuRILQyUOkNCkWRaTfuCSM/edit?usp=sharing> as you can see I didn't submit anything for all the high ammount stuff).

Like that one F2 would nom the other one and it didn't matter to me who won HoH, I would save one of them with my PoV, renom Ultra instead, and get rid of him.

You know what's the funny thing about it? I never told anyone about anything about this plan, I just knew and was confident enough on what would everyone do that week that I could make my move without needing it.

Additionally remember the talk I had with Zee? well If you didn't read it this is basically what happened as a result of it:

[17/08/2017 12:03:12 a.m.] Zeezo (Milk bitch <3): love ya ahrre <3

[17/08/2017 12:03:25 a.m.] Ahrre: love ya too (heart)

[17/08/2017 12:33:09 a.m.] Zeezo (Milk bitch <3): love you <3

Notable events fast forward:

- Threw HoH
- Won PoV
- Flipped on Ultra and voted him out
- put myself in the middle of 2 F2s coming into F5

Week 11 - The tea strikes back

So after that move I was set, sitting pretty in the middle of 2 fighting F2s, Zee revealed me she was F2 with Jessy but now shit had hit the fence. Anna was letting me know how bad of a snake Zee was and how Cal didn't deserve shit So, I promised to Anna that I would nom Zee and Cal if I won HoH, which was true, thing is I intentionally threw that challenge so I wouldn't had to get my hands dirty. (you can check the talents thread of the spirit week to see how I actually draw if you had any doubts I was throwing) Zee won, and I let her know of the promise I had with Anna, but that I also threw so that Anna couldn't use that as leverage if she wanted to. And that was it, PoV wasn't my strong suit so meh. Anna won PoV and as expected it was me vs Jessy, now this might look like a no brainer but what you might of not known is that Anna gave jessy some logs of me leaking one of Zee's logs, Jessy gave those logs to Zee and she went crazy omg, imagine yourself about to go to sleep when the person that is supposed to vote to save you starts calling you a snake and that she's voting me out, however I handled the situation pretty good, I let Zee know that voting me out would be massively dumb, and that Anna and Jessy would just vote her out next week if she did that, regardless of how much they promised her they would target Cal (cause you know, getting rid of your F2 is slightly less awful for your game!) and also we both knew by then how much those 2 lied. But no, she'd still rather trust those 2 than me. But ok, see they had like one incriminating log of me, I had like 20 of them, so I leaked all of that to Zee, and to seal the deal, I went to talk to Anna acting like nothing happened and I didn't knew any of what had just happened, and I asked her what should the 2 of us do in F4 and she said we should def get Zee out. Now this was not only contradicting what she had promised Zee, but also well for obvious reasons it would be a shame if those logs ended up on Zee's hands, and that's

exactly what I did, and that sealed the deal. Actually it went so well, that Zee and I formed a F2, a F2 that would take Zee's priorities instead of her F2 with Cal, so you know, a funny contrast of a convo starting with someone calling me a snake and telling me they are voting me out, to finishing with us 2 setting up a F2. I'm quite proud of that one tbh.

Notable events week 11: I got the 2 sides fighting for my loyalty, throwed HoH, when renommed made Zee change her mind about voting me after Jessy and Anna almost got her to take a pretty bad decision. And got her to make a F2 with me over Cal

Week 12 - The dark week

This week was fairly simple, throwing F5 HoH payed off and I finally managed to do what I couldn't back in EMBB5, winning F4 HoH and setting myself up for a second consecutively HoH win in F3 (oh and trophing :p) I did the noms with randomORG and then Zee won PoV sending Anna home and leaving me in a pretty good place for F3 tbh.

Notable events week 12:

- Won HoH
- THROPIED

Week 13 - And here we are

So let me start this week off by making something clear, I think I could've of made F2 no matter who won (emphasis on could), why? well if I won final HoH then duuuuhhh, if Zee wins final HoH she would bc of her promise + what she did in EMBB4 + it would be hypocritical not to after her drama with Jessy

And then Cal is when it gets interesting, I will never know for sure if Cal would actually take me or not but I believe I would've had a very good argument for him to. basically I knew Zee hadn't told Cal about our F2, and she did told me about her's with him, additionally she went on and on on how she hadn't really talked with him after f2 and when she did she cheekily stopped mentioning F2 to him, and that I deserve it more than him, my plan would be just to leak all of it to him, when I mentioned to him after I had won F3 HoH he was surprised and told me if he had to pick he would have to think about it, but now, if this was a life or death situation and I was actually campaigning to him I think I could've gotten him to save me mainly based on all the votes and decisions I managed to flip all through the game. Ofc I could be wrong in saying this, but I don't think it's fair to assume I would be dead on the water or that zee would automatically make F2 if Cal had won given all of this.

Oh and apart from that I COMPLETELY SMASHED the HoH comp winning all 3 challenges :p

Notable events week 12:

- Won all 3 HoH challenges,
- took Zee
- was ready to leak all of Zee's logs to Cal in case he won to (hopefully) get him to take me.

SUMMARY

PHYSICALLY: I think the fact I didn't win anything early on made people undermine my challenge ability, it was even used as an argument against keeping me at times, truth is I didn't try at any of the pre-jury challenges but the numbers talk for themselves 4 comps win, 6 if you count every final HoH challenge individually instead of grouping them up all in one, also I should mention I would of won the how much you want it PoV if it wasn't for the DNF'd, also the tetris HoH if I wasn't outgoing (you can check my EMBB5 score for comparison) additionally I threw every social challenge there was (tbh idk if I would of won them anyways but I should mention it) I also threw both F6 and F5 HoH which set me up perfectly for the endgame, where I proceeded to win all the most important challenges

SOCIALLY: Okay for this one time, this time only, let me fucking brag M'KAY? I think my social game was totally on point. I entered the game with prob the least pre-game connections of anyone in the cast with maybe 1 or 2 exceptions, that basically made my start way harder, making me unable of getting into any of the easy alliances that get made early game and seriously limiting my F2 options, YET with all that in mind I managed to power through it, with no alliances and no trustworthy F2's I wiggle my way through this bunch of big names being the newbie, trust me it always felt like an uphill battle. I constantly talked with people, even if they ignored me, took 10 hours to answer every single time, responded with 1 line answers or all of the above. I tucked my pride in my pants and just kept going, kept talking with people, both about strategy and about personal or random stuff, from early on you can see how it payed off by the margin of the Roxy vote and I just kept working on it and never stopped, I managed to flip 3 votes where I was supposed to be the guy going home and I made the HoH change of mind about nomming me twice (3 times if you count Zee's second HoH when I was supposed to be the original nom), I killed that rumor about me leaking people's votes, when I was pissed at people I never made it that obvious (and trust me this game got me going at times) but most important of all, I learned to not take things personally and if I ever did after reflecting about it for a couple of minutes I realized what I was doing, that's why I finish this game with only good experiences, given that I'm laughing looking back at the bad ones, there were times this game had an effect on me that it shouldn't have, and I'm prob not the only one, times when I wanted to quit, but I had allies to help and a host invite to make worth it's value. And finally I got so close to Zee that she "ditched" her D1 F2 that she had previously saved over people like Bobby and who would of been easier to take to F2 and win with.

STRATEGICALLY: Tbh I think my effect on the game was pretty big, ESPECIALLY considering I was always by myself, I tried to play as under the radar as much as possible by avoiding making alliances or not winning challenges until the end game, I screwed up with my first F2's yes, but I managed to recover from it, just look at how people exposed for multi-F2ing usually end. I managed to survive and most important recover from that mistake early on that is usually game ending. I also used all of the tools I had to get my way in this game, I consider myself a fairly big part in the ginga vote out, the stephen vote out and the flip on Ultra ofc. And that's only the things I did when my life wasn't on the line, trust me I was always living on the limit LMAO. Nommed 5 freaking times, 2 of them I was supposed to be going home from the get go (Claire and Tucker), 1 of them flipped against me until I flipped again (Jessy) and another one was also very close (Bobby) while is killed it in the first

one (Roxy) also I should mention I convinced Stephen to nom Tucker when it was between him and me. no easy feat mind you. and same with Bobby when a lot of people were telling him he should nom me (and again if you wanna count Zee's HoH) But biggest of them all I wanted to mention how I improved over my previous game in EMBB5. I was way more fluid with my F2's (I had 5 at different points during the game). I didn't make myself look like a challenge threat and most important. my end game. my end game was bloody perfect if you ask me, instead of being the best player of the dominant F2 like last time I was the guy in the middle that both sides wanted, remember how I complained that I was always on the middle not bc I wanted to? well thing is that was early-mid game. I totally set myself up for being in the middle with the Stephen and Ultra vote out, Ultra also gave me a hand by voting Bobby out ofc, and basically the moment Ultra used the tiebreaker vote to save me at f7. you will realize that I wasn't in any danger at all after that given that I knew I was winning F6 PoV. and even if I hadn't won F4 or F3 HoH. I'm fairly confident I would've still been here and I can't say the same about Zee or anyone else that was alive during f5. Also I think I won a record by surviving by 3 tiebreaker votes in one season lol, oh and I kept track of the game's comps and votes on this lil doc!

https://docs.google.com/spreadsheets/d/1qcwujwUJrBDc10VQYg7nQ08BcavtSmZyVSs7_HEFI94/edit?usp=sharing

Also coming into the jury (right after Jacks eviction) I colored names based on who typically voted together, this helped me determine who was most likely working together.

<https://imgur.com/ANMPNT4> (I would go onto correct the who voted who mistakes from early game and I know I got Cal wrong, but considering how much he talked to me or to anyone....)

Ending

Anyways that's about it! I know that was a lot but I had lot to say and I've always thought about doing one of these hahaha thanks to everyone for reading, I'm not shitting you I spent like 10 hours to do this doc holy shit, I'm looking forward to each of your jury speeches and answering your questions, and if you vote for me to win that would just mean so fucking much to me that I could even make a celebration video so the hosts can shut up about it!
