- I have cats so **any physical commissions might have cat hair or have been in contact with cats!**

🌱Currency🌱

I only take USD, no cryptocurrencies, etc. Please make sure you are converting your currency to USD before commissioning to know the exact price.

I use paypal/ venmo for payments!

🌱NFT'S🌱

I never want to see the use of my art as an NFT, if you plan to use it in such a way **PLEASE DO NOT COMMISSION ME!**

🌱Age to commission?🌱

I like it if my commissioners are over **18+**, and if you are not, I prefer not to work with you.

Use of my Work

As long as you've paid in full for the art, you can use it as you please and with credit provided! Failure to do so will blacklist you from future commissions!

Please credit me in any presentable place such as a bio, caption, description

DO NOT USE MY ARTWORK TO RESELL OR USE FOR MERCHANDISE/PRODUCTS, UNLESS WE DISCUSSED IT BEFOREHAND, THERE IS A FEE TO THIS AND DEPENDING ON THE USE DEPENDS ON THE FEE.

Reference sheets

Must have a digital reference sheet before I start on commission, must be clear and not in poor jpeg form.

WILL NOT USE REFERENCE IF-

- Jpeg quality and is too Pixelated
- Traditional art, only if there is a provided **DIGITAL** color palette for me to work from
- Descriptions (i don't do customs upfront for commissioners)
- Heavily watermarked images must be clear for me to color pick off of or I cannot work with it

Fixes or changes

You may ask for any changes that are made on my behalf, otherwise, if you make a change for the character after major work has been done, there will be a fee of 5\$ because I have to fix the artwork and re-shade whatever I fixed

WIPs

I will provide you with as many WIPs. You can ask for as many as you wish, ask questions if you feel the need to, and ask for changes if needed as well. **I WILL ALWAYS PROVIDE THESE.**

But please don't ask constantly for WIPs at different times of the day. I call it a form of harassment and I will not work with you if you plan to do so.

Payments & Refunds

Payments will be made upfront. If you need a payment plan, let me know upfront before starting the commission.

I use **paypal/ venmo/ cash app/ zelle** for payment, *maybe kofi if it's 20\$ or more!*

I only take payment plans for pieces that cost more than \$100.00 or more. The max of time for payment plans is a month and must be paid weekly.

Refunds are only available for these two circumstances.

(100% refund) if not started or if I have completed the linework (75% refund)

Anything beyond the sketch I will not issue a refund, due to me taking the time and energy to work on the commission.

Why won't I work with you?

I only work with commissioners that are clear and respectful to me. Any aggressive behavior with me in the past and the current time will not be tolerated.

If you intend to harass me, I will **blacklist you and block you**. I'm willing to fix any current or past issues if you are mature enough to talk and clear things up with me.
