Protected Information does not include information that has been de-identified in accordance with applicable laws.

The Medical Groups and Providers have adopted a Notice of Privacy Practices that describes how they use and disclose Protected Information. By accessing or using any part of the Service, you are acknowledging receipt of the Notice of Privacy Practices from your Medical Group and Provider(s).

Finally, Skinny Rich Shot® might use various tracking, data aggregation and/or data analysis technologies, including, for example, the following:

- Cookies, which are small data files (e.g., text files) stored on the browser or device you use to view a website or message. They may help store user preferences and activity and may allow a website to recognize a particular browser or device. There are several types of cookies, including, for example, browser cookies, session cookies, and persistent cookies. Cookies may record information you access on one page of a website to simplify subsequent interaction with that website, or to help streamline your transactions on related pages of that website. Most major browsers are set up so that they will initially accept cookies, but you might be able to adjust your browser's or device's preferences to issue you an alert when a cookie is downloaded, or to block, reject, disable, delete or manage the use of some or all cookies on your browser or device. Cookies can be set by the website owner (i.e., us), or they can be set by third parties (e.g., Facebook, Google, etc.) Cookies are used to help us speed up your future activities or to improve your experience by remembering the information that you have already provided to us. Third party cookies may also be used to enable analytics (e.g. Google Analytics) or advertising functionality (e.g., ad re-targeting on third-party websites) that enables more customized services and advertising by tracking your interaction with our Service and collecting information about how you use the Service.
- Flash cookies, which are cookies written using Adobe Flash, and which may be permanently stored on your device. Like regular cookies, Flash cookies may help store user preferences and activity, and may allow a website to recognize a particular browser or device. Flash cookies are not managed by the same browser settings that are used for regular cookies.

- Web beacons, which are pieces of code embedded in a website or email to monitor your activity on the website or your opening of the email, and which can pass along information such as the IP address of the computer or device you use to view the website or open the email, the URL page on which the web beacon is located, the type of browser that was used to access the website, and previously set cookie values. Web beacons are sometimes used to collect advertising data, such as counting page views, promotion views or advertising responses. Disabling your computer's, device's or browser's cookies may prevent some web beacons from tracking or recording certain information about your activities.
- Scripts, which are pieces of code embedded in a website to define how the website behaves in response to certain key or click requests sent by the user. Scripts are sometimes used to collect information about the user's interactions with the website, such as the links the user clicks on. Scripts are often times temporarily downloaded to the user's computer or device from the website server, active only while the user is connected to the Site and/or the App, and deactivated or deleted when the user disconnects from the website.
- Analytic tools and services, which are sometimes offered by third parties, and which track, measure and/or generate information about a website's or program's traffic, sales, audience and similar information, and which may be used for various reasons, such as, for example, statistical research, marketing research, and content ratings research, and conversion tracking. Examples of the analytic tools and services which Skinny Rich Shot® might use include Google Analytics and Taplytics. Skinny Rich Shot® may also use other third-party analytic tools and services.

Please be advised that if you choose to block, reject, disable, delete or change the management settings for any or all of the aforementioned technologies and/or other tracking, data aggregation and data analysis technologies, then certain areas of the Platform might not function properly.

By visiting, accessing or using the Service, you acknowledge and agree in each instance that you are giving Skinny Rich Shot® permission to monitor or otherwise track your activities on the Service, and that Skinny Rich Shot® may use the aforementioned technologies and/or other tracking, data aggregation and data analysis technologies. Notwithstanding the foregoing, Skinny Rich Shot® does not permit third parties or third-party cookies to access to any communications you have with the Providers, or medical information that you submit to the Providers for diagnosis and treatment purposes.
