****Subject:**** A Coffee on me, to Discuss how to speed up Your electrical Project Timelines?

Hi [First Name],

I noticed you're working on [Project Name], in [Location], looks good!

Unfortunately, you have to rely on others which might delay projects, but if you have a trusted electrical partner you can do more projects annually.

We complete projects quickly and with precision—just ask Valroc—we've helped them complete 10 renovation and build projects on time and on budget.

I'd like to invite you for a cup of coffee to discuss how you can do more projects annually.

Let me know when you're free this week.

Best,
[Your Name]
