## ABOUT ME

I am a right-footed defender from Parramatta, NSW. I primarily play as a left back or right back but can also play as a wing back. I am comfortable playing across the defensive line and can also fill in as a centre back or defensive midfielder when needed.

My strongest qualities are my 1v1 defending, slide tackling, technical ability, communication, and physicality. I enjoy defending but I am also capable of contributing in attack through overlapping runs and supporting the build-up play.

At my current club, Merrylands SFC, our tactical system requires the full backs to play a more defensive role. Because of this, most of my highlights focus on defending, positioning, interceptions, tackles, and recovery runs. However, I am comfortable contributing further forward when given the opportunity.
