Works Cited Notes

Follow along with [this slideshow](#) and take note off of Purdue's Online Writing Lab website, The OWL. After you complete these notes, add a works cited page to the final draft of your comparison/contrast essay and complete citations for the two short stories you read and the film you watched.

1. What are the formatting rules for a works cited page? How are they different from the rest of an essay?
2. What information do you need to include in a works cited entry for a page on a website, and in what order should this information go?
3. Handwrite works cited entries for the two short stories you found online.
4. What information do you need to include in a works cited entry for a film? You should be specifically thinking about where you found your film (online? Streaming? DVD or Blu-Ray?). In what order should this information go?
5. Handwrite a works cited entry for the film you watched
