

Bike Edmonton Governance Committee Report

8 Feb 2023

Drafted by Alexandra Stout, Chair of Governance Committee

The committee held its first regular meeting on Jan 30. We discussed updating the policies and board job descriptions on our website. The actions item that came out of the meeting are:

- Greg and staff to develop a social media strategy to bring to the board (not committee) for review. Topics this strategy will include are which sites to be on (Twitter, Instagram, etc), what to post, and how often
- All committee members are to familiarize themselves with policies by next Governance Committee meeting *and* have some ideas or draft language for policy updates
 - We'll test some brainstorming/collaborating in [Jamboard](#).
 - During our next meeting, we will review these ideas and identify which policy we would like to modify first and why
