Mt. View Elementary Celebrates Wins at Fall Fairs!

Mt. View Elementary School entered several fruits and vegetables from our school gardens into the Windsor Fair and Common Ground Country Fair Exhibition Halls this fall. At the Windsor Fair, MVES' apples, garlic, and potatoes graced a district-wide display of over 25 different fruits, vegetables, and agricultural products from our gardens. We won a first prize ribbon for the display as well as a third place ribbon for our Red Pontiac Potatoes. As part of Maine's Year of Youth in Agriculture at the Windsor Fair, middle school students, Margot and Madilyn, also greeted guests near our display and taught children how to make "living necklaces" by planting seeds in clear jewel bags strung on yarn.

Ribbons also abounded at the Common Ground Country Fair. For the first time ever, our school won a prestigious Judge's Award for our Gingergold Apples! MVES also took home first place ribbons for our Superior Potatoes, Spoon Tomatoes, Aunt Mollie's Ground Cherries, and Music Garlic. Our Red Pontiac potatoes earned a third place ribbon.

Elementary students participate in biweekly agriculture classes and help plant, care for, and harvest our fruits and vegetables.
