[11:56] <~Grim[GM]> LAST TIME!!! The group was investigating a murder! Rosa was enchanting things! Integrity was trying to buy things and having incredibly little success!
[11:58] * Shift continues to sit there cringing at the weird seapony pet
[11:59] <~Grim[GM]> Siren continues to pet Mr.Cuddlesworth.
[12:02] <~Grim[GM]> She stretches out her long, scaly tail, "need anything else?"
[12:03] * Lunar_Strike shakes her head "If he's in the VIP room, we can bring our other friend to make him talk. If we need more to go on we can always check out the murder room."
[12:04] <Shift> "Just grab him, knock him out, then take him to Integrity..." she mutters
[12:05] <~Grim[GM]> Siren nods, "off with you then." she waves a hoof dismissvly.
[12:05] * Lunar_Strike rolls her eyes then trots out of the room "Let's go Shift."
[12:06] * Shift bounces after Lunar_Strike
[12:08] * Lunar_Strike looks to Shift as they trot to the STAIRS "Did you want to see the murder scene? Or do we go get Integrity and then go to the VIP room?"
[12:08] <~Grim[GM]> back outside not much has changed, other then some mare has gotten really blitzed and is up on the bar flashing her teats at every pony while security trys to catch her. its a rather amusing scene.
[12:10] * Shift gives the chaos a passing glance "Well, we could just grab him and cart him around unconcious. I doubt anyone would care
[12:11] * Lunar_Strike looks flatly at the scene, muttering something about alcohol before responding "Sure, but the Hive's Security seem to have him under guard, why worry about doing it ourselves?"
[12:12] == ObserverStatus [observer@Pony-ugbm0d.wa.charter.com] has joined #Foerevenge
[12:12] * Shift shrugs "Do you know where Integrity is?"
[12:12] == Integrity has changed nick to OerverStatus
[12:13] == ObserverStatus has changed nick to Integrity
[12:14] * Lunar_Strike opens her mouth to respond, then snorts "Nope, maybe we can send one of the guards watching the buck to grab Integrity while we warm him up"
[12:15] * Shift nods "Sounds ok with me
[12:15] <Shift> "Really wish i had some more medical chems though..."

[12:16] <Lunar_Strike> "Need them for interrogating the buck?" she asks, tilting her head at Shift

[12:17] * Shift nods "Never been good with magic so that type to questioning isnt an option"

[12:18] * Lunar_Strike nods "If intimidation doesn't work we can always take a break and get those" she replies

[12:19] <~Grim[GM]> Pariah starts brining over pieces of armor for Rosa to enchant.

[12:19] * Shift shrugs and keeps a walking

[12:20] <~Grim[GM]> the party arrives back at the stairs and desends

[12:20] * Integrity Decides to skip the pharmacy and heads for the workshop, looking for Rosa and Pariah.

[12:20] <Shift> "I think i should probably change forms... Something tells me a fluff ball isnt very intimidating.."

[12:21] * Lunar_Strike chuckles "Fair point. What else do you have?"

[12:22] * Shift blinks "Could do bleeding heart.... ONce we get inside the room" she mutters with a small smile

[12:23] * Lunar_Strike grins "Sounds pretty good. Make sure everyone else knows or they might shoot you on sight"

[12:23] * Rosa looks up from her work over a workbench on another talisman. "Oh? Hello? Do you need something from Aneesa?"

[12:23] <Shift> "I gues ill decide when get ther. I dont knw if security is aware of the whoe changeling thing around here, "

[12:24] <~Grim[GM]> the room isn't hard to find, a large Minotaur and a Gryphon are standing lazily outside it, playing Caravan.

[12:24] <Rosa> From Rosa*

[12:24] <Shift> "Otherwise ido have another disguise i can try"

[12:25] * Lunar_Strike nods "Which is?"

[12:25] <~Grim[GM]> Pariah shys behind Rosa at the sight of Integrity

[12:25] * Shift giggles "You'll see... Anyway," she nods to the guards "You shouldproably do the talking"

[12:26] <Integrity> "Hello Rosa, Pariah. Have the spirits been cooperating."

[12:27] <~Grim[GM]> The minotuar grumbles, "ye be a flighty lil pigeon..." the Gryphon snorts, "you just suck at this ass hat."

[12:27] * Lunar_Strike nods "Siren asked us to interrogate the suspect, however we might need some help. Could one of you look around for a unicorn buck named Integrity? Last time we saw him we were in a workshop with somepony named Pariah."

[12:27] <Rosa> "They have... Rosa was just working on Enchantments for The Mistress' equipment and other items. Thankfully she has provided many gems herself for the task."

[12:28] <Lunar_Strike> *she says to the guards

[12:30] <~Grim[GM]> The gryphon picks up a radio, "boss mare, we got a fluff ball, a cow, and a ground pounder here wanting in to talk to our special guest."

[12:30] <Shift> "Pttbbbt"

[12:31] <Integrity> "Alright, well let me know if you need anymore. Didn't have any luck selling these, the potential buyes were having some kind of trouble with the guns I wanted to trade for, said that the city would burn down if they sold to me or something."

[12:32] <Rosa> "Rosa sees... that is quite troubling... Still, it will be some time

before Rosa can work on our own enchantments. Have spend the next few hours crafting Talismans, and hopefully deal with the spirit."

[12:34] <~Grim[GM]> "Yeah let um through." crackles Mistress's vioce over the radio. The gryphon shrugs and opens the door, "try not to have to much fun."

[12:34] <Integrity> "I see. Do you know what the others are up to?"

[12:34] * Lunar_Strike nods "Find Integrity if you can. He can probably make this go a whole lot quicker."

[12:34] == f1r3w4rr10r has changed nick to Mayhem

[12:35] * Mayhem cracks her knuckles

[12:36] <Rosa> "You are the first one Rosa has seen since we parted ways." She says before going back to working on the talismans with a small sigh. "Rosa was curious about exploring this strange place... She has never seen anything quite like it."

[12:37] <~Grim[GM]> the room is... surprisingly nice, there's a TV, lots of slightly damp pillows on the couch, a kitchen, and two doors

[12:37] * Shift bounces in looking happy,

[12:38] * Shift starts examining the room for cameras

[12:38] * Lunar_Strike trots in as well, looking for the buck

[12:38] <~Grim[GM]> theres one.

[12:38] * Shift waves to the camera and keeps bouncing around looking for anything else of interest

[12:39] <~Grim[GM]> Lunar_Strike hears -very- muffled commotion behind the bed room door.

[12:41] <Integrity> "When I was a foal I used to work part time in Flankfurt, essentially a scaled down version of this place, so it isn't so strange to me. Just watch yourself if you go exploring. It might just be the Queen's goons, but I can't help getting the feeling that something else is watching us."

[12:42] * Lunar_Strike twitches her ear "I think he's in here, but I thought he was supposed to be alone..." she says, quickly trotting to the door and opening it

[12:44] * Shift cants her head "Oh?"

[12:45] <~Grim[GM]> Lunar_Strike has walked in on the most strange scene, the buck has his neck in a noose, gag in his mouth, tied to the ceiling fan, and is balanced on a chair procarously, front legs zip tied behind his back. A zebra in familer gear stand next to him, one leg raised, ready to knock the chair out from under him, frozen as he looks at her.

[12:45] <~Grim[GM]> "Lunar?"

[12:46] * Shift peeks in "Ptthhhtbt! I mean... The fuck?"

[12:46] * Lunar_Strike blinks "Whirlwind?" she says, not believing her eyes

[12:46] <~Grim[GM]> The stallion puts his hoof on the chair, "Are you here to kill me?"

[12:48] * Lunar_Strike shakes her head "No, I'm here to question him." she says, pointing to the buck in the noose

[12:48] <~Grim[GM]> "And i'm here to silence him, curios."

[12:48] <Shift> "So hes... Our enemy right?"

[12:49] <Rosa> "Rosa will make sure to be careful when walking about, though she probably won't... there is much work to do." She said with another small sigh as she got back to work

[12:49] * Lunar_Strike looks between the zebra and Shift "If he pushes that chair, then I'm afraid he is."

[12:51] <~Grim[GM]> Whirlwind keeps his hoof on the chair, despite the trail of something foul dripping down the stallions leg. "was it you?"

[12:52] * Lunar_Strike takes a slow step forwards, looking at him with hard eyes "Was it me what?"

[12:52] <~Grim[GM]> "You know what I am talking about."

[12:53] * Lunar_Strike harumphs "Yes. I assume you knew already."

[12:54] <~Grim[GM]> "They're setting us both up then... curios."

[12:55] * Lunar_Strike takes another slow step forwards "So what are you going to do then? You have your orders, and I have mine." she says evenly

[12:56] * Shift stands there waiting for the shooting and killing to start

[12:57] <~Grim[GM]> Whirlwind grabs the buck as he sways a little on the chair, "Maybe he is worth more to me alive, maybe he's worth more dead." he looks at Lunar_Strike, "what information do you need from him?"

[12:58] * Lunar_Strike smirks "Why he killed his lover."

[12:58] <~Grim[GM]> Whirlwind smiles a little, "why indeed."

[13:01] * Lunar_Strike lowers her head and glares "Step away from the chair, I'd much rather not do this the hard way."

[13:03] <~Grim[GM]> Whirlwind sighs, "Peace, I have question for him as well now." he slowly draws his sword, identical to Lunar_Strike's own, and cuts the buck down. Then kcicks the chair out from under him so he flops onto the bed.

[13:04] <Integrity> "So, what about you Pariah, anything interesting happen?"

[13:05] * Lunar_Strike breathes a small sigh of relief "Where are my manners. Shift, this is Whirlwind. Whirlwind Shift." she says, gesturing between the two

[13:05] <Shift> "Awww... No fighting" she mutters... "Hiya!"

[13:06] <~Grim[GM]> "Um... n-no... not really..." he stays hidden behind Rosa.

[13:06] <Integrity> "Really? Well that's a pity."

[13:07] * Rosa looks down at PAriah, smiling a little before looking up at Integrity "Oh, if you could... Rosa would appreciate it if you could find her a cloak, any kind will do... Rosa thinks she should enchant a cloak for herself first, with something to assist her in dealing with spirits."

[13:08] <~Grim[GM]> Whirlwind nods, stabbing his sword into the bed and un gaging the buck, who imedaitly starts screaming, "HELP! SWEET CELESTIA SOME PONY HELP ME! FOR THE LOVE OF THE GODDESS HE-" he is Silenced by Whirlwind stuffing the rag in his mouth, "Your goddess is dead."

[13:09] * Integrity Well, I suppose I could take a look. Any idea where I could get one of those, Pariah?"

[13:10] <~Grim[GM]> Paraih gulps, "n-no..."

[13:11] * Lunar_Strike steps forward "Whats your plan then? May we question him as we were ordered?"

[13:12] <Integrity> "Oh? Too bad. Is something the matter, Pariah? You seem unsettled."

[13:12] * Shift sits in the doorway

[13:12] <~Grim[GM]> Whirlwind nods, "You may, he sits next to the bed, sharpening his sword.

[13:14] <Lunar_Strike> "and you? What is your plan?"

[13:16] <~Grim[GM]> "When I know more, I may tell you."

[13:18] * Lunar_Strike nods "Shift, would you like the honours?"

[13:18] * Shift cants her head "Eh, you and mr zebra there are the two most scary

things in her right now... "

[13:19] <~Grim[GM]> Whirlwind chuckles, "if only she could meet teacher..."

[13:19] <Rosa> "He is a shy little thing." Rosa said with an amused look on her face... at least from what could be seen from her mask

[13:19] * Lunar_Strike chuckles grimly "Fair enough. At least until Mayhem arrives." she says, turning to the buck "And trust me, hes named Mayhem for a reason. So just tell us everything you know, and I won't bring her in here."

[13:20] * Mayhem is flirting with the minotaur guard outside

[13:20] * Shift giggles

[13:20] <~Grim[GM]> The minotuar is similerly flirting.

[13:21] * Shift is happy to not be seeing this

[13:21] * Integrity Takes out a bottle of whiskey and takes a swig. "Either of you want some?"

[13:22] <Lunar_Strike> she's named Mayhem*

[13:23] <Rosa> "Drinking is not allowed in the Legion or in Rosa's tribe..." She says, glancing back at the bottle for a moment.

[13:23] <~Grim[GM]> Whirl wind sighs and takes out a leather case, "my time is short Lunar," he lays out the long leather bound tool case... only the tools are rather bizarre and obviously have a sinister purpose.

[13:25] <Integrity> "It's not? Damn Rosa, it's no wonder your people couldn

[13:25] <Integrity> *redact*

[13:26] <~Grim[GM]> Pariah shakes his head, "um... no... I might burn down my home..."

[13:27] * Lunar_Strike waves him off with a hoof "That may be, but they will probably have questions for the marks on him. Leave him untouched, unless he refuses to answer any questions."

[13:27] * Integrity stares at Pariah in disbelief and takes another swig.

[13:27] <Integrity> "Suit yourselves."

[13:29] <~Grim[GM]> Whirlwind shrugs, "I'm not untieing him."

[13:30] <~Grim[GM]> a radio in Pariah's work shop crackles to life, "Pariah~"

[13:30] * Lunar_Strike rolls her eyes "Now im going to take out this rag, and if you start screaming for help ill let the zebra do the questioning. Clear?" she tells the buck

[13:30] * Rosa lets out a small sigh, looking back to her workbench. She was going to speak, but the radio interrupted her

[13:31] <~Grim[GM]> Paraih trots over and starts talking into it.

[13:33] <~Grim[GM]> Whirlwind gives his best evil smile and presses his hoves together so his joints pop in a fairly menacing fashion.

[13:33] <~Grim[GM]> The buck starts crying uncontrollably, but nods

[13:34] * Lunar_Strike "Good" she says, pulling out the rag "Now. Lets start with an alibi. What were you doing the night he was killed?"

[13:36] <~Grim[GM]> "W-we were just in our room, talking things over and drinking a little, then h-he pulled out some buck and asked if I wanted to split it with him with a little dash, like we always did!"

[13:37] * Lunar_Strike nods "So you were with him when he died, drugged out of your minds?"

[13:37] <~Grim[GM]> Shift can tell from the hieght and mucles on this buck theres no way that amont of Buck or dash would give him enough strength to actually kill them, it was actually probably a safe dosage for him.

[13:38] <~Grim[GM]> "No! th-this mare came in with our bottle of wine and with both drank, then I got really light headed and passed out!"

[13:39] <~Grim[GM]> He sniffles, "when I woke up... B-buck sh-sho-shot was... was..." he bursts into tears and sobs into the bed.

[13:40] * Shift frowns about to comment on that when he spills the next part and the changeling cants her head "Oh joy... Random mares giving random drinks... THat doesnt sound suspicious..."

[13:40] * Lunar_Strike looks back "Something not adding up Sift?"

[13:40] <Lunar_Strike> Shift

[13:41] * Mayhem gets REALLY flirty outside

[13:41] <~Grim[GM]> Pariah scoots over to Rosa and Integrity, "um... they need you up at the hotel..."

[13:41] <~Grim[GM]> Whirlwind's eyes narrow, "What did this mare look like?"

[13:41] <Shift> "Well the drugs wouldnt be enough fr him to actually kill his coltfriend... "

[13:41] <Integrity> "They do? Oh, well okay then. What for?"

[13:42] <~Grim[GM]> Pariah shrugs, "they said your friends need you."

[13:42] * Lunar_Strike thinks about that "So what do think happened?"

[13:43] <Rosa> "Oh? I see... then the enchantments will have to wait..." She looks to Integrity "Where is the Hotel?"

[13:43] <Integrity> "I assume they mean the same hotel where they have our rooms, if you don't remember the way, just follow me."

[13:44] <~Grim[GM]> The buck sniffles and answers, "Sh-she was orange and had a white tipped tail and fetlocks... an emerald eyes..."

[13:45] <Integrity> "See you later bud." Integrity calls back to Pariah as he leaves the workshop, en route to the hotel.

[13:46] <~Grim[GM]> Lunar_Strike recognizes this as the disguise Karma was useing when they met.

[13:47] <Shift> "What im wondering is why... What did buckshot do that made killing him impotent?"

[13:48] <~Grim[GM]> "H-he worked for the gun runners... we both did... but he knew the codes to open the shipping creates."

[13:48] * Lunar_Strike tilts her head "and killing him would make it possible to get those codes?" she deadpans

[13:49] <~Grim[GM]> The buck gulps, "well... I-I noticed s-some weird marks on him before they took him away... and threw me in here.... alone."

[13:50] <Shift> "Probably interrogated him"

[13:50] <~Grim[GM]> Whirlwind hmms and looks at Lunar_Strike

[13:50] <~Grim[GM]> by this point, Integrity and rosa get there and find Mayhem flirting in the hallway.

[13:51] * Lunar_Strike bristles "What Whirlwind?"

[13:51] <Integrity> "Hope I'm not interrupting anything hon, I hear you needed our help?"

[13:51] <~Grim[GM]> "Where are your tools?"

[13:52] * Mayhem stops giggling after a really stupid joke the bull made and looks over to Integrity. "Huh? No, I didn't call any of you."

[13:53] <Integrity> "Oh. Must have been the others then. Know where I can find them?"

[13:53] * Rosa blinks, looking at Mayhem and the bull curiously, head tilted to the

side

[13:53] * Lunar_Strike sighs "Got captured a while ago, they disappeared after that, haven't had a chance to get new ones. Besides, a sharp blade and silent hoofs are all I need to get a job done."

[13:55] * Mayhem giggles again. "Yes, they are in..." She suddenly yelps and jumps. The bull just grabbed her ass pretty hard. She slaps his shoulder. "Oh stop it!" She turns back to Integrity. "Yes, they are in there." She points at the door.

[13:55] * Lunar_Strike turns her attention back to the buck "And there isn't anything that Buck Shot did to piss you off, or anyone else recently?"

[13:55] <Lunar_Strike> *BUCK SHOT****

[13:56] <Integrity> "Mkay, you two have fun, but don't don't get too close now, you hear? Leave some room for the Goddesses." Integrity says before walking down entering the door.

[13:58] <~Grim[GM]> The buck swallows and answers in a hushed voice, "well... recently... some one tried to pay us off to smuggle guns in here... under the table, but Buck shot said no. I'da taken the caps... they were offering alot."

[13:58] * Rosa moves to walk into the room as well, following Integrity. Then she blinked, noticing Whirlwind.

[13:59] <~Grim[GM]> Whirlwind stares at Rosa... shocked.

[13:59] * Lunar_Strike turns to look as Integrity and Rosa enter "Good timing. We just got to questioning him. I figure you'd be much better at this than I."

[14:01] <Integrity> "Oh goddesses, Lunar, what have you done? Please tell me you didn't start off with the hoof screws..."

[14:02] <~Grim[GM]> Whirlwind bows low to Rosa and says in Farsi, "<Greetings, Thornless Rose, daughter of El Farasi the Invincible, I am honored to meet you>"

[14:03] == Shift [chatzilla@Pony-3ob11u.ed.shawcable.net] has joined #Foerevenge

[14:03] * Lunar_Strike shakes her head "I thought you'd enjoy it more. So far Shift seems to thing even drugged out of his mind that he couldn't have killed him, and evidently somepony looking like Karma brought them some wine."

[14:05] * Rosa blinks as she looks at the Zebra stallion bowing low to her. "<...Greetings.>" She gave a bow of her head., replying in the same language "<You know me, but I do not believe we've met before...>"

[14:05] <Integrity> "Okay, well can you start from the beginning? What has he told you?"

[14:05] <Lunar_Strike> "Oh, and this is Whirlwind. Integrity Whirlwind, Whirlwind Integrity."

[14:06] <Integrity> "It's a pleasure." Integrity says, holding out his hoof.

[14:06] * Shift watches in silence

[14:06] <~Grim[GM]> Whirlwind smiles, "<you wouldn't. not without my mask.>"

[14:08] <Rosa> "<Your mask? You are from our Tribe then! What happened to it?>" She asked, partly curious, partly concerned.

[14:08] <Lunar_Strike> "He took some buck and dash with Buckshot, they got some wine brought to them by somepony who looked like Karma, he passed out for a while and when he woke up Buckshot was dead."

[14:09] <~Grim[GM]> Whirlwind chuckles, "<Does not matter, it is in the past.>"

[14:09] <Shift> "Wine.... Probably had some drugs mixed in there"

[14:09] <~Grim[GM]> Whirlwind nods, "Go examin the room where the murder happened, if

you have a doctor, I want a full autopsy, I will stay here and make sure this stallion is not harmed."

[14:10] * Shift sighs "Looks like im off to find the body.. Weee"

[14:12] * Lunar_Strike nods "Does that sound good Integrity?"

[14:13] <Integrity> "Fine with me, I'm not interested in dissecting buckshot."

[14:14] <Shift> "Thats my job..."

[14:14] * Lunar_Strike nods "And Mayhem, What would you like to do?"

[14:14] <Integrity> "Ayep, that's why "that sounds good".

[14:15] <Shift> "I demand a raise after this!"

[14:15] * Shift steps outside, hopefully Mayhem isnt doing anything too bad...

[14:16] * Rosa lets out a small sigh "<Well... it is nice to see another Zebra still.>"

[14:16] <~Grim[GM]> "<like wise Rose.>"

[14:17] <Integrity> "I'll tell you what Shift, if you do the autopsy, I'll give you a 30% increase in your salary."

[14:18] * Shift smirks "30% of nothing is nothing "

[14:18] <Rosa> "So you pay them?" The masked little zebra asked, now speaking in Equestrian again.

[14:18] * Lunar_Strike approaches Whirlwind "When I came in here, you were sent to kill him." she said, pointing to the buck "And you never told me what you plan was. So I ask you again. What is your plan?"

[14:18] <Integrity> "Clever girl."

[14:20] * Integrity approaches the buck on the couch. "Hello there, my name's Integrity, what's yours" he asks, smiling warmly.

[14:20] * Mayhem can be seen righting her clothes as Shift exits

[14:20] <~Grim[GM]> Whirlwind looks at Lunar, "do you remember what happened on to Silent Gust on the 13th of mid-year?"

[14:21] * Shift raises an eyebrow at Mayhem then then looks at the guards "Where did they take the bucks body?"

[14:21] * Lunar_Strike nods

[14:22] <~Grim[GM]> "Then you know what I will do."

[14:24] * Lunar_Strike "Alright, but if I come back and he's dead, then I will hunt you down, I will find you. and I will kill you. Understand?" she says, punctuating the sentence by tapping his chest

[14:25] <~Grim[GM]> "I would expect nothing less Lunar." he smiles a little.

[14:26] * Lunar_Strike sighs "Alright... take care Whirlwind." she says, giving him a small kiss on the cheek before trotting off

[14:27] <Integrity> "That's okay, you don't have to tell me. I just want to ask you a few questions about the night it happened, if that isn't an issue."

[14:27] <~Grim[GM]> the faintest of flush appears on his cheeks before vanishing.

[14:28] * Mayhem turns to the bull. "Say, is there some place here, where I can take care of this?" She points at her cut off horn.

[14:28] * Lunar_Strike waits outside the door for Integrity to finish, still listening to what he and the buck say

[14:29] * Rosa blinks a few times as she looked at Lunar kissing Whirlwind's cheek before looking away. "Well... my help isn't needed here. I should... get back to work. I'm feeling a little... hot... should get something to drink, or maybe a shower..." she says as she moved to walk out of the room, her tail flicking back and

forth.

[14:30] * **Shift** looks at Rosa for a moment and giggles

[14:30] <~Grim[GM]> He nods, "Look for the chop shop by the arena, Storm Heart does a great job patching us all Up, ye wouldn't know it But I fought Buzz Saw once." he points to the scars on his chest.

[14:31] <**Integrity**> "I just want you to start from the beginning, tell me everything you remember about when it happened/

[14:31] * **Mayhem** gasps. "Really?!" She strokes over one of the scars with admiration.

[14:40] <~Grim[GM]> The bull nods: "I actually managed to break one of his legs before he sliced me up." he doesn't seem to be lying, as his arms and torso have a huge number of crisscrossing scars.

[14:41] * **Mayhem** bites her lip and traces them with her fingers.

[14:43] * **Shift** coughs and prods Mayhem

[14:43] <**Rosa**> When Rosa leaves the room Whirlwind catches a whiff of something, and the couple of Minotaurs get it too when she quickly passes them. It looks like a certain Zebra started their heat cycle a little while ago.

[14:46] <~Grim[GM]> The bull chuckles, "your friend seems to need your help, I'll catch you later."

[14:46] * **Mayhem** suddenly sniffs, then giggles and whistles after the zebra. "Don't raise your tail too much, Rosa!" She giggles again.

[14:47] * **Rosa** blinks, her ear flicking as she heard the whistling and benignly called. She looked back at Mayhem with a confused expression "Why would I...?" She asks as she kept walking.

[14:48] * **Mayhem** nods at the bull. "See you later." She stares at his butt until he turns a corner.

[14:48] * **Shift** frowns "What was that all about Mayhem..."

[14:49] * **Mayhem** lets out a roaring laugh. "Oh my! We got a fresh cherry here!" She turns to Shift. "What was what about, sweetie?"

[14:49] * **Shift** nods to the leaving mino

[14:50] * **Rosa** blinks again, a little confused "What a strange group..." she mumbles to herself as she walks off.

[14:51] * **Mayhem** smiles. "He looks pretty good, doesn't he?"

[14:52] * **Shift** facehoofs "Never mind... Lets go find that body"

[14:53] * **Mayhem** shrugs. "Whatever you say."

[14:58] <~Grim[GM]> Shift and Mayhem makes their way down the stairs, and hear several stallion (and one or two Mares) making cat calls at Rosa as she passes.

[14:59] * **Mayhem** looks a bit rueful now. "Maybe we should help her..."

[14:59] <~Grim[GM]> There is a loud "SMASH" from the first floor.

[15:00] * **Shift** smirks "If she ever... Aware? Of what's going on?"

[15:01] <**Shift**> even*

[15:03] * **Mayhem** makes a grimace. "I...I don't think so..."

[15:04] * **Shift** facehoofs

[15:04] <~Grim[GM]> Mayhem and Shift arrive on the first floor, where several ponies are trying to pull a Stallion out of a wall he seems to have been bucked 2 ft into.

[15:05] * **Shift** blinks "I wonder if that was her..."

[15:05] * **Mayhem** stares. "At least she knows that she doesn't want to be touched...there."

[15:07] * **Shift** nods "Now then, lets get the hell to the corpse"

[15:07] <~Grim[GM]> Two ponies get the Buck onto a Gurney and trot out, "make way, chop shop ER coming through!" yells the one in front.

[15:08] * Shift pauses "Well, lets follow em"

[15:10] * Mayhem nods and does so

[15:12] <~Grim[GM]> Mayhem and shift soon find themselves nearing the arena, the smell of blood, sweat, and adrenaline hang in the air, the roar of the crowd is constant, next to the arena is a old war clinic, a Followers flag hanging next to the door.

[15:13] * Mayhem sniffs at the air. "Now that' a smell ah like."

[15:14] * Shift enters inside and looks over to teh receptionis "Hello. We're here to take a look at a corpse? Buckshot? "

[15:16] * Mayhem looks around the clinic.

[15:16] <~Grim[GM]> The receptionist is currently arguing with a stallion why they cant reattach his leg, "Talk to the head Dr. Heart, she just got out of surgery, maybe you can catch her before the next fight ends."

[15:16] * Shift looks around for said doctor

[15:17] <~Grim[GM]> The clinic is full of seasoned wasteland warriors, tribals, and mercs looking to make a few caps, most have minor bangs and bruiseing, others have nasty looking scars.

[15:17] <~Grim[GM]> There's a Mare trotting out of surgery.

[15:18] * Shift heads on over and repeats her question "We're looking for access to the morgue... Need to do an autopsy on a body..."

[15:18] * Mayhem is looking for something for her horn.

[15:22] <~Grim[GM]> The mare looks at Shift and pulls off her mane net and surgical mask. Her mane is a deep blood red Color and her coat it a soft pink, her eyes are Blood red, a pipbuck is attached to her left leg, and her stable jumpsuit and doctors coat are stained with blood. She looks... familiar. "Hm? which body?"

[15:25] * Shift narrows her eyes "Well dont you look loo familiar... " she mutters "A stallion named Buckshot."

[15:27] <~Grim[GM]> She pulls out a clip board, "freezer 43, huh... it says he was slated for incineration today... thats weird..."

[15:28] <Shift> "Who authorized it?"

[15:32] <~Grim[GM]> "No idea... one of the trifecta apparently... thats not Legions signature etheir." she looks up as the doors to the arena swing open and A gryphon is hauled it, splattering the floor in blood in his wake, "ah fuck, go do your work."

[15:33] * Shift frowns and gives a nod "THank you... " she mutters and sets off to teh freezer after committing the mares appearance to memory

[15:34] <~Grim[GM]> The freezer is... well, cold.

[15:35] * Mayhem follows Shift just to be sure.

[15:35] * Shift heads over to freezer 34 and pulls out the body.

[15:36] <Shift> 43*

[15:37] <~Grim[GM]> its a blue stallion with a hoof tag, reading Buck Shot.

[15:38] * Shift drops her disguise "Mayhem, let me know if anypony gets close.

[15:38] * Shift pulls out her medical supplies and gets to work

[15:39] * Mayhem turns to the door. "Sure, hun."

[15:43] <~Grim[GM]> shift finds that Buck Shot was beaten badly and some strange instruments similar to the ones Whirlwind carried were used on his body, there also sevrsl stab wounds in the torso, which seem to have been made after the Buck shot was already dead, strangely, these stab wounds are exactly the same length as the knife

Lunar_Strike carries.

[15:45] * Shift stares at the body for a few moments before returning to her flufflepuf disguise "Mayhem, we need to go back. NOW. Its Whirlwind, that zebra tortured and after killing Buck stabbed him with that knife he and Lunar seem to carry"

[15:47] <Shift> *refact*

[15:47] * Mayhem goes wide eyed. "Really? Are you sure?"

[15:47] <Shift> redact*)

[15:47] <Mayhem> ^

[15:49] * Shift frowns "Mayhem... Was Lunar with us the whole time since we arrived?"

[15:50] * Mayhem scratches her head. "I...am not sure...don't think so..."

[15:51] <~Grim[GM]> Shift, also notices a difference between the weird wounds and the stabs, the weird ones are... sloppy. the stab wounds are nprofessional, hitting vital organs, even if they are sportaic, they always hit something that would critically wound.

[15:53] * Shift frowns "Well heres what im seing. Buck was killed, and whoever did it was sloppy. But after e died somepony stabbed the body again, hitting organs, arteries, all made to look like a professional had been the one to kill him. And all wounds inflicted by a blade identical to what Lunar uses..."

[15:55] <Mayhem> "This gets...more than weird..."

[15:55] <Shift> "For some reason Lunar decided to stab a dead stallion"

[15:57] * Shift assumes her Bon Bon disguise. "We need to find her and figure out what the hay is going on"

[15:58] * Mayhem nods. "Agreed."

[16:02] <~Grim[GM]> BACK IN THE ROOM! The Stallion had finally calmed down and was just curled up in a ball on the bed.

[16:04] * Integrity 's horn flash's raising his effective likability quotient

[16:05] * Integrity approaches the buck on the couch there. "Hello there, I'm Integrity. If it's not an issue, I'd like to ask you a few questions."

[16:06] <Integrity> "Can you tell me your name?"

[16:09] <~Grim[GM]> "Blitz..." he sniffles.

[16:09] <~Grim[GM]> "Blue Blitz."

[16:11] <Integrity> "Blue Blitz, I like it. So Blitz, I know this will be difficult, but I'd like to tell me everything you remember about the night it happened."

[16:15] <~Grim[GM]> Blitz sniffles, "well... me and Buck went to the arena after work... wanted to watch some of the mercs we sold guns to get their flanks kicked... then we went and fooled around over in the Garden with a few friends..."

[16:16] <Integrity> "Did you see anything unusual there?"

[16:17] <~Grim[GM]> "not really, other then the usual unusual ponies that work there."

[16:18] <Integrity> "Alright then, please continue."

[16:19] <~Grim[GM]> "Then we... went shoping for... uh... toys...." he flushes a little.

[16:20] * Integrity smiles a little "Mhm."

[16:23] <Integrity> "And how did that go?"

[16:25] <~Grim[GM]> "um..." he flushes bright red, "well?"

[16:26] <Integrity> "Alirght, so what did you do next when you got done shopping?"

[16:28] <~Grim[GM]> "we went back to the room and started doing alot of our paper work..."

[16:31] <Integrity> "I see. I understand that you and your coworkers have quite the stockpile locked up with enough thermite to burn down half the city. I don't
[16:31] <Integrity> I don't suppose you have received any unusual orders lately?"
[16:32] <Integrity> "Orders for rare or obscure weapons, unusually large bulk orders, orders from ponies you wouldn't imagine to have a pressing need for weapons?"
[16:37] <~Grim[GM]> Blue Blitz thinks, "maybe... Buck usually handled those..."
[16:41] <~Grim[GM]> He sighs, "We did bring in a lot more 10mm, .22, and 5.56mm than usual now I think about it..."
[16:41] <Integrity> "A lot more ammunition you mean?"
[16:44] <~Grim[GM]> "yeah."
[16:47] <~Grim[GM]> Blitz hmms, "Most of it wasn't marked for sale either..."
[16:48] <Integrity> "Do you know who has Buckshot's paperwork now?"
[16:49] <~Grim[GM]> "Probably the hotel manager... I don't know what her name is..."
[16:50] <Integrity> "I'll keep that in mind. So what happened when he stopped working?"
[16:52] <~Grim[GM]> "Well... the stores locked up and the stores defenses should still be online."
[16:53] <Integrity> "You gun runners never struck me as the type for underkill when defending what's yours."
[16:58] * Integrity deciding that Blitz isn't going to elaborate on the Gun Runners' defense system, he continues. "So where did you go when you closed shop?"
[16:59] <~Grim[GM]> "Back to our room... with a mare we picked up at the bar..."
[17:00] <Integrity> "A mare? What did she look like?"
[17:02] <~Grim[GM]> "Blue coat, kinda pudgy, sea green mane."
[17:03] <Integrity> "Okay, so what did she do when you got back to your room?"
[17:06] <~Grim[GM]> Blue Blitz coughs a little, "we.... well... you know... bucked."
[17:07] <Integrity> "Okay, so what did she do when you were finished?"
[17:10] <~Grim[GM]> "Fell asleep in the bed while we all snuggled... then me and Buck shot went to have a few in the other room and let her sleep."
[17:12] <Integrity> "Alright, so what did you have while she slept? Was the bottle sealed before you had some?"
[17:13] == Mayhem has changed nick to Redmend
[17:14] <~Grim[GM]> "I looked sealed... the cork was in it and it looked full."
[17:16] == Shift has changed nick to Lyra_Heartstrings
