

So, say there are four boxes with corresponding numbers.

☐ 1

☐ 2

☐ 3

☐ 4

Say there are two buttons (+1) and (-1)

If you select a box

☒ 1

☐ 2

☐ 3

☐ 4

If you select a button, it will change the number corresponding to the box clicked

Say you hit +1 the result looks like

☒ 2

☐ 2

☐ 3

☐ 4

Say if you selected a different box now

☐ 2

☐ 2

☒ 3

☐ 4

And hit the same button

☐ 2

☐ 2

☒ 4

☐ 4

I have no idea if this is helpful at all, but it's what i was trying to say anyway. I know pretty much zip about coding except the hello world thing.
