

**Bowie Elementary/ Harlingen CISD Showcase: Post Visit Session**  
(60 minutes)  
<http://bit.ly/RBLHUB>

### Part 1: Group Discussion (30 minutes)

**Instructions:** Participate in a group discussion to share learnings and inspirations from the showcase. Try to identify both Science of Teaching Reading and Blended Learning strategies.

**Guiding Questions:**

- ☐ Which Science or Teaching Reading (STR) strategies most resonate with you? Why?
- ☐ Which Blended Learning strategies most resonate with you? Why?
- ☐ How might incorporating one or more of these strategies support student learning in your classroom(s)? On your campus?

### Part 2: Planning Time (30 minutes)

**Instructions:** As individuals or group sizes of your choosing, complete the table below to make a plan for implementing one STR or blended strategy you believe will move your K-2 blended reading instruction forward.

|                                                                                                                  |  |
|------------------------------------------------------------------------------------------------------------------|--|
| List the STR or blended strategy you plan to implement in your classroom                                         |  |
| Provide your rationale for selecting this strategy. What is your WHY?                                            |  |
| Describe HOW you will integrate this strategy into your current classroom practices                              |  |
| List steps you will take to implement the new strategy                                                           |  |
| Explain what success will look like (e.g., When I implement this strategy, students will... or teachers will...) |  |
