

In the Cup

You Need:

- A paper cup
- Number cards (1-5 for Kindergarten; 1- 10 for First Grade)
- Die
- 16 Counters (beans, noodles, paper clips, any small object)
- Recording sheet (see below)

How to Play:

1. Play in pairs.
2. Player 1 turns over the top number card and places the indicated number of counters in the cup.
3. The card is placed next to the cup as a reminder of how many are inside.
4. The Player 2 rolls the die and places that many counters next to the cup.
5. Together they decide how many counters in all. Players may use the recording sheet to organize and track their results.

Number Cards

1	2	3
4	5	6
7	8	9
10		

Recording Sheet
