

Mixed Disaster Commissions

Terms of Service

By commissioning me, you are agreeing with everything stated below. If you fail to do so, I will refuse doing business with you. Thank you.

- Commissions will be done within four weeks or shorter. Maximum amount of time it takes, depending on my queue is **six** weeks.
- No refunds unless I have not started on a commission.
- I have the right to refuse a customer for any reason whatsoever.
- Payment must be received **in full** before I start on a piece.
- Commissions are first come, first serve.
- If you are unable to afford a commission until a later date, I cannot and will not hold a slot for you.
- Payments are made in USD via Paypal and Paypal ONLY.
- You must provide a full reference sheet of your character. I will not take text descriptions.
- If buying a reference sheet from myself, you must have some form of concept art of your character. Again, I will not work off of a description.

- **DO NOT** repost my art if you did not commission it to any site. If you bought art of your character, you are allowed to repost as long as proper credit is given.
- If you have a change you would like to make regarding your commission, you may contact me and let me know. If I have already started sketching, this change cannot be made.
- Do not ask me to replicate another artist's style. I will not do it.
- W.I.P (Work in Progress) images are not given unless asked.
- References may be SFW or NSFW, as long as it is a full 2-3 view reference sheet.
- NSFW Commissions are always **\$15-\$20** extra depending on character complexity, and how many characters there are in a piece.
- Please be patient. If you are concerned about a commission in progress, feel free to contact me.
