KEYWORDS

First, Second, Third

INTRODUCTION

The introduction of the research should contain a description of the problem being studied, a literature study and provide an overview of why the research was conducted. This paragraph uses justify with the first line overhanging 0.5 cm. 1 (Nur'aini, 2026; Nurriansyah, 2016). How to use this template is just a copy of the paragraph from the written work, then block the intended paragraph and paste it (Paste it with the Arrow logo) in the following way (Figure 1).

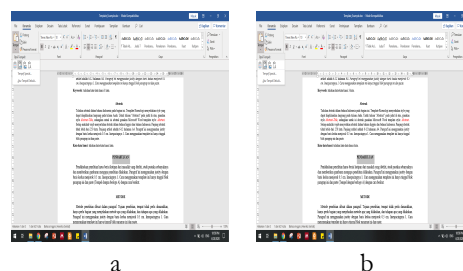

Figure 1. Copy paste using arrows. The caption is size 9 and center.
If there are more than 2 images in one header, you can use a), b), c), etc.

It should be understood that the writing format must consist of IMRAD CAR (Introduction, Methods, Results and Discussions, Conclusions, Acknowledgements, References) (Nur'aini, 2026).

Note: Uploaded images must be clearly visible, not blurry (High Definition).

METHODS

The research method is made in paragraphs. The purpose of the research, the place does not need to be included, it only needs a section that explains what method is done, and what stages are carried out. This paragraph uses justify with the second line overhanging 0.5 cm and the line spacing 1. How to use this template is just block this paragraph and paste it (Nur'aini, 2026).

RESULTS AND DISCUSSIONS

Describe the results obtained in this study, complete with pictures and tables. This paragraph uses justify with the first line overhanging 0.5 cm and the linespacing 1. How to use this template is just block this paragraph and paste it (Nurriansyah, 2016). The description of the table should also be described in paragraphs. The results are described using the table as shown (Table 1) below. If using images, it can refer to (Figure 1).

Table 1. Method, this part of the Caption is 9 in size and the center and first row in the Block.

Category	Levene Statistic	df1	df2	Itself.
Based on Mean	3.251	1	94	0.075
Based on Median	1.953	1	94	0.166
Based on adjusted	1.953	1	76.574	0.166

Note: the table should not be included in the form of pictures, please include it in the form of the table as it should be

If there is a sub-section of IMRAD CAR, then a subchapter is made as follows.

Sub-Sections of Results

Describe the results obtained in this sub-section of the study, complete with pictures and tables. This paragraph uses justify with the first line overhanging 0.5 cm and the linespacing 1. How to use this template is just block this paragraph and paste it (Nurriansyah, 2016).

CONCLUSIONS

This section presents the main findings of the research conducted. Conclusions must be conveyed concisely, clearly, and based on the results obtained. It should not include new information that was not discussed in the previous section.

ACKNOWLEDGEMENTS

This section is optional. Applicable if receiving funding, it can not. Example: we gratefully acknowledge funding support from the grant mention 2019 – Agencies that give grants under the contract number 01923019283019028391820/2020.

REFERENCES

Bibliographies only list the sources referenced in the manuscript and are compiled using the APA Style format. All references must be relevant and in accordance with scientific standards, with a minimum of 80% coming from publications within the last 10 years. The main sources that are recommended are journal articles, research reports, theses, theses, and dissertations. The numbering of references follows alphabetical order, with the citation style in the body notes using APA format, e.g. '(Nurriansyah, 2016)'. To avoid typos and duplicate references, it is recommended to use reference management software such as Mendeley. this format is **APA STYLE**.

Format:

Last name, Initial. (Year of publication). Title of article. *Journal Name*, *Volume*(Number), Page.

Nurriansyah, M. (2016). Historic of UNJ. *Journal of Castle*, 1(1), 90-99.

Nur'aini, W. F. (2026). Historic on MIPA. *Journal of Castle*, 1(1), 100-105.
