

How To Marriage License

Here's what you need to know about the marriage license.

It must be obtained **within 30 days of the wedding**.

The couple must both be present in person with photo ID's to apply and it costs \$60 (cash or card is fine). *no appointment necessary

The couple must also inform the county clerk's office of the address in which they will be living post wedding so they can receive the official marriage certificate by mail.

Post wedding a family member or officiant can return the signed marriage license to the circuit clerk so that it can be processed.
