

# Privacy Policy for Claude Code Enhancer

**Effective date:** April 2026

## Overview

This extension enhances the web version of Claude Code by adding features such as chat export, navigation tools, and plan extraction.

Your privacy is important. This extension is designed to operate **entirely locally in your browser** and does not collect or transmit personal data.

---

## Information We Collect

**We do not collect, store, or transmit any personal information.**

Specifically:

- No account data is collected
- No chat content is sent to external servers
- No browsing history is tracked
- No analytics or tracking tools are used

All data processing happens locally on your device.

---

## How the Extension Uses Data

The extension temporarily accesses content on supported websites (such as Claude Code) only to provide its core features:

- Reading chat content to generate a table of contents
- Extracting structured plans from messages
- Formatting chats for export as Markdown files

This data is:

- Processed locally in your browser
- Never transmitted to any external server
- Not stored permanently by the extension

---

## Storage

The extension may use browser storage to:

- Save user preferences (e.g., settings)
- Temporarily store extracted content for user actions (e.g., copying or exporting)

This data remains on your device and is not shared.

---

## Third-Party Services

The extension can open external AI tools such as:

- ChatGPT
- Gemini
- Perplexity

This happens **only when the user explicitly clicks a button** to review a plan.

Any data you choose to paste or submit to those platforms is handled according to their respective privacy policies.

---

## Permissions Justification

The extension requests only the permissions necessary to:

- Modify supported web pages to add features
- Export and process chat content locally
- Open selected AI tools at the user's request

No permissions are used for tracking, advertising, or data collection.

---

## Data Sharing

**We do not sell, share, or transfer any user data.**

---

## **Children's Privacy**

This extension is not intended for children under 13 and does not knowingly collect any information from children.

---

## **Changes to This Policy**

This Privacy Policy may be updated from time to time. Updates will be reflected with a new effective date.

---

## **Contact**

If you have any questions about this Privacy Policy, you can contact:
