

Change Notification Settings

Notifications enable you to customize what methods you want to use to receive notifications as well as what events will trigger notifications.

To change Notifications settings

1. Click your name and then select **Notifications**.

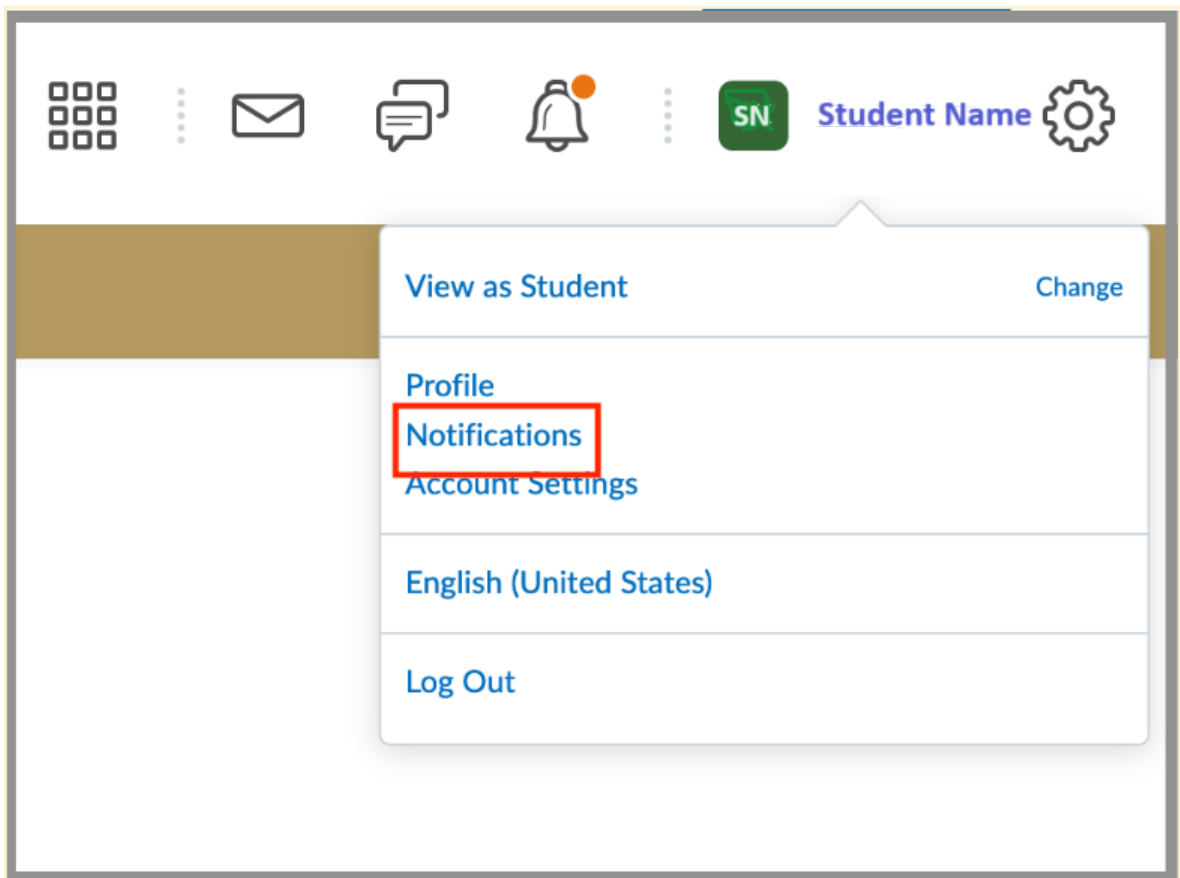

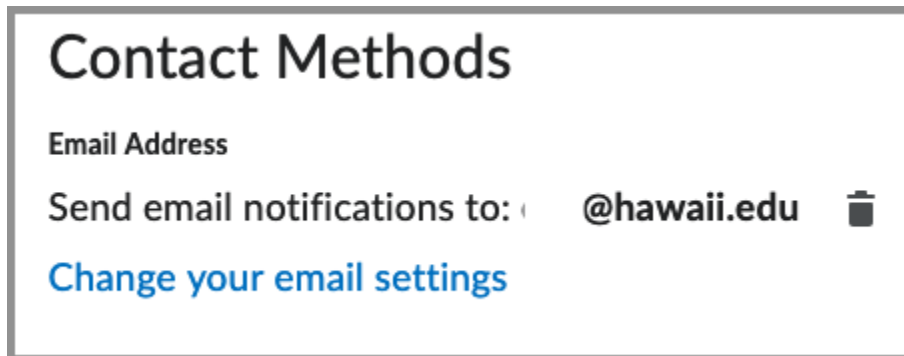

Figure: Select **Notifications** to proceed.

2. Pulse App

You can optionally connect with your instructors and classmates and stay informed about course-related updates by downloading the Pulse App on the [App Store](#) or [Google Play](#).

3. Contact Methods

- Changing your email settings is disabled in Lamakū. All **email notifications** from Lamakū will be sent to your UH email account.

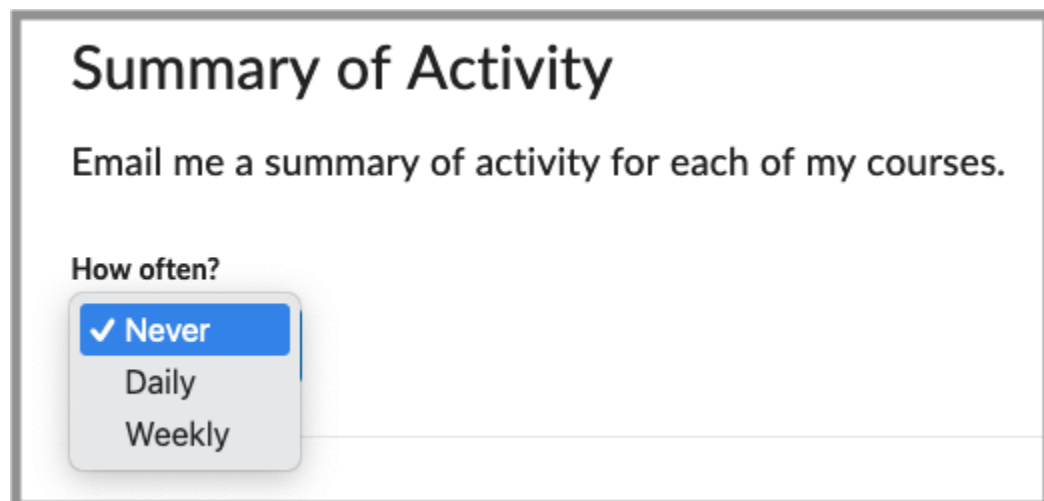

The 'Contact Methods' panel has a title 'Contact Methods' at the top. Below it is the label 'Email Address'. The main content shows 'Send email notifications to:' followed by the email address '@hawaii.edu' and a trash icon. At the bottom, there is a blue link that says 'Change your email settings'.

Figure: Email Notifications from Lamakū will be sent to your UH email account.

4. Summary of Activity

To control how often you receive notifications about course-related activities, open the drop-down menu under **How often?** And select whether to receive notifications **Daily**, **Weekly**, or **Never**.

The 'Summary of Activity' panel has a title 'Summary of Activity' at the top. Below it is the text 'Email me a summary of activity for each of my courses.' Underneath is the label 'How often?'. A drop-down menu is open, showing three options: 'Never' (which is selected and highlighted in blue with a checkmark), 'Daily', and 'Weekly'.

Figure: Select your desired level of email summary notifications in **How often?**.

5. Instant Notifications

To set individual notifications for course-related components, select the preferred notification type beside each component.

Instant Notifications	Email
Activity Feed - new comments from others on a post	☐
Activity Feed - new posts created by others	☐
Announcements - announcement updated	☐
Announcements - new announcement available	☐
Assignments - assignment feedback released	☐
Assignments - assignment due date or end date is 2 days away	☐
Assignments - assignment feedback updated	☐
Assignments - publish all feedback completion	☐
Content - content item created	☐
Content - content item updated	☐
Content - content overview updated	☐
Content Service - feedback for content service uploads	☐
Discussions - mentioned in a discussion post or thread	☐
Discussions - new post in a forum, topic, or thread that I subscribed to in instant notifications	☐
Grades - grade item released	☐
Grades - grade item updated	☐
Quizzes - quiz due date or end date is 2 days away	☐

Figure: You can select how you want to be notified (via SMS or Email) for various course-related components by selecting the corresponding box or boxes in **Instant Notifications**.

Note: Students can receive push notifications via the [Pulse App](#).

- **Customize Notifications**

Select whether to receive grade value notifications from the Grades too or receive future course-related notifications

Customize Notifications

☒ Include my grade value in notifications from Grades

☐ Allow future courses to send me notifications

Figure: The option to set **Customize Notifications**.

- **Exclude some courses**

To exclude receiving notifications from specific courses, click on the **Manage my course exclusions** link and then select the courses you want to exclude.

Exclude Some Courses

You currently have no courses excluded. [Manage my course exclusions](#)

Figure: Select the courses you want to exclude by clicking **Manage my course exclusions**

6. After reviewing all the details, click **Save**.

Your notification settings are updated and saved.
