

Houston Science Festival - Science Week: Community Event One-Page Host Guide

Saturday, September 27, 2025 - Saturday, October 4, 2025

Overview:

Houston Science Festival – Science Week is an 8-day, city-wide celebration of Science, Technology, Engineering, and Math (STEM) featuring hands-on community events. Businesses, community organizations, educational institutions, and industry leaders are invited to host activities that inspire curiosity and increase access to STEM experiences—especially for communities with limited resources. [Sign up](#) now!

Why Host:

- **Foster STEM Learning:** Deliver engaging activities that build knowledge and interest in STEM careers.
- **Boost Community Visibility:** Showcase your organization's innovations to a broader audience.
- **Inspire Future Leaders:** Spark curiosity and help attendees envision futures in STEM.
- **Join our Movement:** Become part of our growing network of STEM advocates.

Your Role as Host:

Hosts plan, staff, and manage all aspects of their event, aligning activities with their organization's mission. Events can include outdoor science activities, "The Science Behind..." explorations, art/science collaborations, and family-friendly experiments.

Key Guidelines:

- Events must focus on STEM and align with your mission.
- Use the festival's marketing Host Toolkit and hashtag #HoustonScienceFestival.
- Make events public and accessible; free or low-cost is encouraged.
- Avoid commercial or unrelated fundraising events.

Festival Support:

- **Marketing:** Online promotion plus a marketing Host Toolkit for your outreach.
- **Expert Connections:** Access to STEM professionals and volunteers.
- **Consultation:** Guidance on event planning and feedback.
- **Online Registration Platform:** Provided for free events if needed.

How to Participate:

1. Propose your event idea via the "[Sign Up!](#)" link below by Monday, August 25, 2025.
2. Confirm details and sign the host agreement.
3. Promote your event using the provided [Host Toolkit](#).

Other Ways to Get Involved:

- [Volunteer](#) at events or assist with logistics.
- Provide STEM experts to support other hosts.
