Activity name	Day	Time	Description	Teacher leader	Dates	Grades
Arts, Culture and Innovation						
Band Club	Tuesdays	After school until 16:30.	Band club is an opportunity to be a part of the main school ensemble and to learn and perform a variety of pieces. Students will have the opportunity to expand their musical knowledge and awareness whilst learning about the process of rehearsal and the excitement of performance.	Mr. Chris Ammons	26.4, 3.5, 10.5, 17.5, 24.5, 31.5, 7.6, 14.6	**7**, 6, 8, 9, 10
Python Coding	Thursdays		Python coding is an opportunity to explore the increasingly relevant world of coding. Python is a high-level, general-purpose programming language which students will become acquainted with and then learn the tools of the trade. Students will be able to develop a foundation set of coding skills and apply these to a variety of virtual creations.	Mr. Jason Preston	28.4, 5.5, 12.5, 19.5, 2.6, 9.6, 16.6	**7**, 6, 8
Well-Being						
Badminton	Fridays		Badminton club will see students participate in enjoying the game of badminton alongside progressively developing and practicing the required skill set to be successful. Students will use practice drills to develop coordination and spatial awareness, fitness exercises to cover the main aspects of the sport whilst working and competing in groups in friendly and competitive matches.	Mr. Amin Rahman	29.4, 6.5, 13.5, 20.5, 3.6, 10.6, 17.6	**7**, 6
