

Education Specialist Early Childhood Special Education TPEs Course Matrix

In the matrix below, denote the candidates' opportunity to learn, apply, and be assessed on the competencies listed. The required course names and numbers should go across the top of the matrix, replacing the "Course Title and Number" text below. For each competency, indicate – using an I, P, or A – when the program/candidate introduces (I), practices (P), and assesses (A) each competency. Notations may occur under more than one course heading. Each notation should link to a specific place in the syllabus within that course that demonstrates that this is occurring. Please identify only the best example(s), up to four (4) for each I, P, and A.

TPE 1: Engaging and Supporting Young Children in Learning – Early Childhood Special Education TPEs (ECSE TPEs) ECSE Candidates will:	SPE D 45 0: Adapting Curriculum	SPE D 50 1: Typical & Atypical Development	SPE D 50 2: Field Experience	SPE D 52 6: Sensory Impairment	SPE D 52 7: Pluralistic Society	SPE D 53 0: Issues in Autism	SP ED 54 3: Programs & Services	SPE D 55 3: Behavioral Strategies	SPE D 56 0: Technology	SPED 56 2: Collaboration	SPE D 97 0B: Practicum	SPE D 98 0D: Adv. Practicum	DLE 91 5A: Teaching & Learning in the Content Area	CFD 580 : Observation & Assessment	CF D 58 5 : Work with Family at Risk	CF D 38 0 : Early Language & Literacy
1.1 Demonstrate applied knowledge of typical and atypical child development when planning an individualized program for young children in the ECE special education setting.		I A		I								P			I	
1.2 Demonstrate applied knowledge of young children's' cultural and linguistic background, socioeconomic status, prior experiences, interests, social-emotional learning needs, and developmental learning needs within instructional planning, instructional and intervention activities.	I				I		I A					P	I		I A	A

7.6 Meaning Making. Engage children in meaning making by building on prior knowledge and using age-appropriate literary and informational texts (print, digital, and oral or symbolic) that are appropriately complex and that mirror children’s backgrounds, including their cultures, languages, genders, and abilities. Engage children in questioning, experiential multisensory and hands-on activities, and discussion to develop their literal and inferential comprehension, including the higher-order cognitive skills of reasoning, perspective taking, and critical listening, speaking, reading, and writing, across the disciplines. Provide literacy experiences that include reading aloud, modeling, and helping children to make predictions, retell and reenact, and respond to and generate questions about stories, picture books, and other texts. Engage children in listening, speaking or communicating symbolically, reading, writing, and close viewing activities to draw information from texts, ask and answer questions, and support analysis, reflection, and inquiry. 							I A					P A	P A			I P A
7.7 Language Development. Promote children’s language development by providing rich exposure to and experience with varied forms of language and responding attentively to children’s language use. Promote children’s language development by attending to vocabulary knowledge and use, grammatical structures (e.g., syntax), discourse-level understandings, and pragmatics as children learn to listen, speak or communicate symbolically, read, and write with comprehension and effective expression. Create environments that foster children’s language development, including discipline-specific academic language. Enhance language development by engaging children in experiential learning and the creation of diverse print, digital, and multimedia texts. Conduct instruction that leverages children’s existing linguistic repertoires, including home languages and dialects, and that accepts and encourages translanguaging.

7.8 Effective Expression. Develop children’s effective expression as they discuss, present, write, and use beginning language conventions. Engage children in a range of formal and informal collaborative discussions, including extended conversations in which multiple conversational turns are taken, and writing for varied purposes, audiences, and contexts. Develop young children’s early writing skills by prompting them to share ideas, information, and stories using their developing knowledge of how print works. In transitional kindergarten and kindergarten, teach children letter formation/printing and related language conventions, such as beginning capitalization, punctuation, and spelling, in conjunction with applicable decoding skills. Develop children’s use of keyboarding, other assistive technology, and multimedia, as appropriate, and support children’s fluency in handwriting or use of graphic symbols.
