

## September Skills Building Interception: Hosted by Irocknits Designs

The beginning of the season, the beginning of the school year, the beginning of a new team is a great time to beef up our skills and learn something new, don't you think?

Cori Eichelberger, the designer behind Irocknits Designs, wants to encourage this growth mindset as it relates to your fiber crafting with this Skills Building Interception!

For this interception you will need to try something new in your knitting, crochet, spinning or weaving. As long as there is a new-to-you-technique involved it counts and it will earn you an entry for this prize. But, as always, there are ways to earn more than one entry.

If you try anything new that gets you 1 entry. If you use a pattern from Cori that will earn you a second entry, unless the pattern you choose uses Cori's 2 Color Cast on and that will earn you 2 additional entries.

Cori's 2 Color Cast On is available on these patterns:

- Knitwords [Cowl](#) and [Hat](#)
- Taco Tuesday Hat and [Cowl](#)
- Dogwords [Hat and Cowl](#)
- Betweenity [Hat, Mitts and Cowl](#)
- Shenanifriends Socks- [Ravelry Link](#)
- **Ravelry Links-** Choose Your Own Path [Cowl](#), [Hat](#) and [Mitts](#)
