

**Part 1:** Complete the Youscience aptitude & career discovery “Brain Games & Interest Profiler.” You should have received an email (Feb 6) from [no-reply@comms.youscience.com](mailto:no-reply@comms.youscience.com)

This will take about an hour and a half to complete-- several “brain game” tests for a few minutes a piece.

**Part 2:** Please click on your talents (colorful ring), then on “Explore” and type (or copy paste) in 3 things you learn about yourself and your strengths. **(3 points)**

Paste in your “personal approach” diagram (under talents)-- I recommend the screen snip tool. **(2 points)**

View your potential career matches, feel free to use the filters at the top for educational investment or type of fit. Find at least 3 careers that interest you, and **Save (3 points)** them. (click on the star to “Save Career”)

**Part 3:** Investigate more deeply your 3 saved careers by filling out the chart below **(12 points)**

|                                                                              |  |  |  |
|------------------------------------------------------------------------------|--|--|--|
| Career Description/<br>Title                                                 |  |  |  |
| List 3 job duties from the “day in the life” section                         |  |  |  |
| Educational Investment<br>(Time-- not \$)                                    |  |  |  |
| Projected Openings                                                           |  |  |  |
| Salary<br><b>Starting</b><br>(most important in our class)<br>Average<br>Top |  |  |  |
| How to get there --what schooling, etc. (or Educational Summary )            |  |  |  |
| On-The-Job Training-- if none, list N/A                                      |  |  |  |

Click on “Find a College”-- back to the home-page or dashboard (Click on YouScience logo at top left)

You can change the filters at the top-- but eventually find 2 schools and “save” them. Fill out the chart below to compare those 2 choices. **(4 points)**

|                                                     |  |  |
|-----------------------------------------------------|--|--|
| Type of Degree or Major (for a career choice above) |  |  |
| Name of School                                      |  |  |
| Enrollment<br>(How many students attend there?)     |  |  |
| Cost of Tuition/ Fees<br>(Full time=12 Credits)     |  |  |
| Admission policy or rates or deadlines              |  |  |

**Part 4: What did you learn? (6 points)**

In the box below, write 2-3 paragraphs on what you’ll take away from this assignment. The following questions may help you with ideas for your writing. You don’t need to answer them all.

- Did you learn more about your skills and interests?
- Were the findings mostly what you expected?
- Is there potentially a career in your future that you didn’t know about before this assignment?
- What are your next steps towards preparing for your career?
