

Naturalization Examination Student Results

Background

Each student enrolled in a United States Government course where credit is awarded for General, Core 40, Core 40 with Academic Honors, or Core 40 with Technical Honors designation is required to take the naturalization examination provided by the United States Citizenship and Immigration Services (USCIS) as administered by the student's high school. United States Government courses include Advanced Placement, International Baccalaureate, dual credit, and Cambridge International courses. Students do not need to pass the naturalization examination in order to pass the United States Government course. Retests are not required or published in the results.

Indiana Code 20-30-5-7(d) requires, not later than November 1, 2022, and not later than November 1 each year thereafter, the Indiana Department of Education (IDOE) to report student data from the naturalization examination to the General Assembly. Schools must also post results on the school's website.
