Frenzy (狂热)

When Jane triggers a Perfect Dodge, Defensive Assist, or launches an attack to deal damage to the enemy, she will accumulate [Frenzy Flow] [狂热心流], and when [Frenzy Flow] accumulates to its max limit, she will enter the [Frenzy] state.

While in the [Frenzy] state, Jane's Physical Anomaly Buildup Rate is increased by 20%, in addition, if Jane's Anomaly Proficiency is greater than 120, each point of Anomaly Proficiency above will increase her ATK by 2. A maximum of 800 ATK can be achieved this way.

When Jane launches an attack in the [Frenzy] state to deal damage, it will consume [Frenzy Flow].

When Jane triggers a Perfect Dodge or Defensive Assist, [Frenzy Flow] will be restored.

When [Frenzy Flow] is fully consumed, Jane will exit the [Frenzy] state.

Passion Stream Generation	Amount
Perfect Dodge	20.00000
