SECTION 1: ABOUT ME

WHO ARE YOU?

My name is Khyber. My pronouns are she/her. I'm eighteen years old and I live on the East coast of the United States. I'm in college for psychology and English.

WHAT DO YOU DO?

I write comfort character letters for free. I was originally going to make it a business, but I realized how important it was to people, so I got a different job and I write these letters in my spare time. Sometimes I get some help from friends when I don't know how to voice a character well, but all letters are hand-typed by me.

SECTION 2: FAQ's

WHAT'S ON THE FORM?

I ask you for your preferred name and pronouns so I know who I'm addressing.

I ask you for your age range so I know what kind of advice I can give. There is a "Prefer Not To Say" option for age if you want, though.

I ask you what kind of letter you want and who you want it from.

I ask you why you want a letter and where you found out about me.

I offer a space for you to add things you might want in the letter.

I ask for a place to contact you with the letter.

HOW SOON WILL YOU WRITE BACK?

Depends on the letter. Sometimes I'll write back within a few days, sometimes it may take a bit. The more specific you are about the letter, the faster I'm likely to get back to you. I do get dozens of requests a day, though, so please be patient. I will also throw out requests that are outrageously inappropriate or show hate to a group of people.

CAN I ASK FOR MORE THAN ONE?

Sure, but you might not get them all at once.

WHERE DO YOU SEND THEM?

I write them on Google Docs and I'll send the link to wherever you want: email, Reddit, Discord, Snapchat, Instagram. PLEASE DO NOT list TikTok as your contact info, because my phone number is attached to my regular TikTok and I can't chat from the Khyber account.

I REQUESTED A LETTER BUT NEVER GOT IT. WHY?

I might need time to fulfill requests. If a month goes by and you haven't heard from me, something may have happened:

-I may be overflowed with letters. Check my TikTok to see if I mention being swamped. If I am, please be patient!

-I may have had to delete your request for one of the following reasons: a) I don't have a place to send it to, or you listed TikTok as your contact. b) You didn't give me enough information to know what I'm writing about. c) Your request was an obvious troll or it was wildly inappropriate. d) I couldn't do the requested character and you didn't provide a backup.

If any of these are the case, please resubmit a form and make sure it has everything I need.

SECTION 3: SUPPORTING ME

HOW CAN I SUPPORT YOU?

If you're happy with my work, leave me a review in a TikTok and @ me (@khybercharacters) or duet my video!

I'll also be setting up a (completely optional) Ko-Fi account too!
