Add Ons

Want an upgrade? Below are the most common add ons and their associated fees. The percentages are calculated based on the prices above.

Detailed Background: +100%

Wings: +25% **Feathered Wings:** +50%

Pets: Small: +25% Medium +50% Large/Mount: +100%

Complex Detail: +25% (Includes elaborate tattoos, highly engineered weapons or tools, instruments, tedious patterns such as scale or etched plate, etc. When in doubt, simply add it on and let me know what part of the character you want me to make extra fancy.)

Additional Characters: +125% each. (The additional charge is due to the compositional challenges that arise when multiple characters share the same image. Characters ordered as separate images do not apply this fee.)

Action Scene: +150% (Includes a simple background and enemies. Feature your characters fighting a giant monster, a horde of wicked goons, or their arch nemesis!)

Special Options

The following fees are based on the total cost of the base price *plus* any add ons.

Rush Job: +50% of total price (Skip the line, or hit the deadline)

Use for Resale: +50% of total price (Applies to products, marketing, or streams)

Exclusivity/NDA: +100% of total price. (Pay for ownership and/or silence)

Payment Process

I take half the payment up front and the other half when the job is done. The final product will only be delivered once I have received payment in full.

All payments are through PayPal. The address is: SteveSketches@yahoo.com

All payments are final. NO refunds under ANY circumstances.

Payment plans can be arranged for larger commissions; ask me for details if necessary.

Please do not pay the entire total in advance, it's actually quite inconvenient for me.

Commission Procedure

Once I receive the first half of the payment, I will add you to my [Commission List](#). You can use the list to check your position in the queue.

Please send an email to SteveSketches@yahoo.com detailing your character's basic features: species, class, age, sex/gender, skin/eye color, etc. In addition, please include a "Top 5 List" of features that are most important to you. I will be sure to include those things in the commission. Please do not include pose or composition suggestions.

You may choose to include a backstory for your character. Backstories help me get a deeper sense of the character's personality and appearance. However, backstories will be roasted mercilessly live on my Twitch stream. You have been warned.

Please note that as a professional I will be taking artistic license with the character design. I'm the kind of artist that thrives on freedom. The more room I have to explore and play around, the more fun I'm going to have. The more fun I have, the better the picture will be. Anything not on the "Top 5 List" will be considered open to creative interpretation.

Once I start work on your piece you can watch the whole process live on my Twitch channel! [Twitch.tv/SteveSketches](https://www.twitch.tv/SteveSketches) I stream all my art there. Clients are encouraged to watch, hang out, and provide feedback if prompted. I do not send progress updates, so your only opportunity to offer suggestions will be during my stream. Once the work is done I will request the final payment, and then your piece will be delivered via email.

"I've Changed My Mind!"

You can modify your commission at any time before I start working on the piece. You can upgrade or include additional add ons simply by paying the difference. You can even change the character information entirely. Just remember that I cannot provide refunds for downgrades.

Once I start working on the piece, some changes become much more difficult to make. I'm happy to make minor modifications within reason. Larger changes may require additional fees, or a new commission.
