Scholarship Application Instructions- READ CAREFULLY

ALL ExCEL Applicants are eligible to apply for a NEED BASED scholarship, no matter their financial or visa status. The scholarship results will be revealed before you need to commit to the program, so simply applying to ExCEL does not mean you MUST participate.

In the space below, please provide details on your current financial situation (your and/or your family's financial situation/income, financial obligations, etc., if there have been any recent changes, and why the scholarship is necessary for you to participate in the program). The more detailed the letter, the better.

We do not require proof of income, bank statements or tax returns BUT all claims should be truthful and can be checked for accuracy.
