

Illinois Geocaching Association - Board Meeting

Agenda - October 14, 2024

Call to order (6:00 PM)

We need to start making things official and more organized, especially after this birthday bash. Panda will make sure the agenda gets sent out before every meeting, and starting the next meeting we will approve previous meetings minutes and get it published on the website.

We now have money flowing in. We need to figure out exactly how the balance sheet will be done and it will be presented at every meeting starting at the next meeting.

Use money to file for our 503(c)

Time to get a bank account?
