9.	Character Study Walt: recognise, and back up with reasons or quotes, characteristics of the main character. <u>Hannah</u> is the main character in this story and it is through her actions the story takes place. Using a whole page create a character study of what she is like. You may draw a picture in the middle, but keep it small so you have plenty of room for writing. You may not know enough for a whole page yet, but you will be adding to it as you read. When you write what you think she is like give an example to <u>back up your claim</u>. For example she is free spirited <u>because</u> she wanders all over the farm and beach on her own.she is creative <u>because</u> she invents a story around the sheep's skull.
