- 3 clamps
- 1 hammer

- 5 assorted pliers and cutters
- 69-piece screwdriver set

- 1 can of WD-40
- 1 can of electrical contact cleaner
- 1 tube of Shoe Goo
- 1 bottle of Gorilla Glue

- Utility knife

- 3 assorted electrical plugs

Things to Note

We have purchased the official Repair Café manual from Repair Café International. They will assist in advertising Repair Cafés and try to help develop supports for people running them. To receive this information and support, we are **required** to use the Repair Café logo and refer to their website, Repaircafe.org

The included manual explains all of the ins and outs of running a Repair Café better than we ever could, so please refer to it for any and all information!
