Ludi Descriptions

Gladiator

The game begins by everyone getting in a circle in which no one is more than an arm's-length apart from anyone else. The object of the game is to get people out by hitting their hand/arm (lightly!) with a pool noodle. Play rotates in a circle as each person swipes once at one of the two people next to them. If your hand/arm is touched, you are out and leave the circle. Also, once you have made your move, you must stay in that position until your next move. Last person standing wins!

Ships and Sailors

One person, the FJCL officer or SCLer running the event, is the captain who will give their sailors, everyone playing, their orders. Anyone who is not able to complete the order or takes too long to complete it is eliminated. The captain will continue to give orders until only one person or a small group remains.

Quattuor Square

Four players are split into four quadrants. They pass a ball between them by hitting it one at a time into each other's quadrants. If you hit the ball into your quadrant after it's already bounced once in your quadrant, you are out. Play continues until one player is left standing.

Sharks and Minnows

The game begins with one shark who stands in the middle of a field and minnows who all stand on one end of the field. When the shark shouts "minnows, minnows, come out and play," the minnows all try to run to the other side of the field. The shark tries to tag as many minnows as they can before the minnows cross the field. Any tagged minnows become sharks who then try to tag minnows in the next round. The game continues until only a few minnows (or one!) remain. Those remaining minnows become the first sharks in the next round of the game.

Mystery Test

FJCLers can take the mystery test, containing randomized and fun trivia questions written by the FJCL officers based on a mystery theme. No knowledge of the Classics is required for this test - it is purely just for fun!

Impromptu Art

FJCLers can come to Impromptu Art, where you will be asked to complete a form of art to the best of your ability by only using the supplies that the FJCL officers will provide. The art that you will be asked to make is not revealed until you show up, so make sure to stop by and see what kind of art you can create!

Scavenger Hunt

Your teachers will be given a Scavenger Hunt form during registration. On this form, you will be given certain tasks that require you to find and do things for the FJCL officers. Once every task on the form is complete, you can turn it into an FJCL officer, and the school which completes the form the fastest gets bragging rights.
