

# Twitter & TweetDeck

When using [TweetDeck](#), you can tweet as one or more of your school building's departments. In the tweets you compose, you will want to include the following items, so your tweets are searchable (that's what the hashtags are for).

#HounDawgU

#RIS / #AJH (building acronym)

#5thGrade / #6thGrade / #7thGrade / #8thGrade (the grade level if it is applicable)

By mentioning your school building's account (you do this by using the @ symbol and typing the account's name), one of the ITC's or building principals will see the tweet and will be able to retweet it onto their building's wall, which will also appear on the corresponding building *Facebook* account. The building account names are as follows:

@RobinsonDawgs (Robinson Intermediate School) / @AuroraJrHigh (Aurora Junior High School)

Finally, if you have any questions or are unsure about what you should or should not post, please get in contact with your building ITC who will help you through the use of this tool.

Good luck and get tweeting!
